Calla Creek Farmer Gets Four Years For Firearm Possession

The Farmer - Arnoldo Perez, 30

The Gun

SAN IGNACIO TOWN, Cayo, Thursday, December 31, 2009:

A team of policeman from the San Ignacio station, this Thursday morning, searched a house in Calla Creek Village where they found an unlicensed shotgun and two cartridges.

At around 9:30 a.m. on New Year's Eve a team of three policemen arrived at the Calla Creek residence of **Victor Arnoldo Perez, 30**, Belizean farmer and advised him of their intention to conduct a search for illegal firearms.

Police entered the house and, behind a clothes closet in a bedroom, they came upon a rusty 12 gauge shotgun, the brand and serial number of which could not be recognized. On a nearby shelf police also came upon two old 12 gauge cartridges.

At the time of the discovery, the residence was occupied by Perez and his 30 year old common-law wife. Neither of them could produce a license for the gun resulting in their detention and transfer to

The Two Cartridges

the San Ignacio police station where they were jointly arrested and charged for:

- a) keeping unlicensed firearm and
- b) keeping ammunition without a gun license.

In the absence of a magistrate in San Ignacio that day, they were whisked off to Benque Viejo Town where **Magistrate Anna Rachel Montejo's** court was in session. They were brought before the magistrate where Victor Arnoldo Perez pled guilty to both charges resulting in the prosecution withdrawing charges against the common-law wife. Magistrate Montejo consequently dismissed both charges against her and proceeded to sentence Perez for two consecutive years for each of the two charges. He will therefore spend the next four years in jail commencing December 31, 2009.

Luz Boulevard in Santa Elena, Cayo.

At the time of his passing he was a serving member of the Cayo Special Constable Unit. He was notorious for the aggressive manner in which he performed in this capacity often times with more vigor than regular elements of the Police Department.

This comprehensive regional solution to Health Information Systems will assist with the development and deployment of disease management protocols throughout the Caribbean. CARICOM nations participating in this initiative will be able to conduct yearly assessment of outcomes from the integrated health information systems.

This meeting also served as a means to persuade prospective funding partners of the merits of supporting this initiative for the 20 member and associate member nations of CARICOM.

The Programme is being designed and launched as a result of the unanimous resolution made by the Caucus of CARICOM Ministers Responsible for Health on September 27, 2009. Minister of Health, Hon. Pablo Marin and the Ministry of Health, Government of Belize, has been charged with the leadership of this initiative for the creation of the Programme.

The meeting successfully concluded with a plan for Belize to continue leading this process to present to the next Caucus in January, 2010. "I am NO ORDINARY PERSON!" says Jorge David Aguallo

Dear Editor;

Please publish the following for me:

I choose to be an uncommon person.

I seek opportunity - not security.

I do not wish to be kept, humiliated, or stifled; by having the State look after me.

I want the calculated risk to dream, to plan, to build; to fail or succeed.

I prefer the challenges of life - to a guaranteed subsistence.

I refuse to trade my principles for a handout.

I will not swap freedom for welfare, or my dignity for exploitation.

I will cower to no man, nor will I be intimidated.

I strive to make positive difference in this world.

I cannot sit idly by and point the finger at "them" - I understand that "them" is me - when I choose to do NOTHING.

I take responsibility for all of my choices and actions.

I stand erect, uplifted, and unafraid of life or the people and situations I find myself in.

I choose where I am, what I do, and how I do it.

I realize that each of my failings is an opportunity to improve myself.

I am NO ORDINARY PERSON!

Alcoholic Anonymous Meets Every Saturday At 11:00 am At Sacred Heart Church In San Ignacio

Hello Star,

I read with interest your article on alcoholism in last weekend's edition of the newspaper.

Having been an alcoholic all my adult life, I know the worst problems I, and my innocent family have had, are directly related to alcohol.

Alcoholic Anonymous (AA) will help, but they won't reach out to the alcoholic, the individual with the dependency has to reach out to them.

AA is there with open, understanding and non-judgmental arms. I know because they have helped keep me sober the last eight weeks.

AA meets every Saturday at 11:00 am, at Sacred Heart Church, San Ignacio inside the small white building to the left of church.

The meeting is open to the general public and anyone is welcome to attend.

A.L Responding To George Gonzalez

Dear Editor;

I would like to respond to the article by **George** and **Candy Gonzalez** in the December 13, 2009 edition of the **STAR Newspaper**.

If in any way I offended any "**Belizean**" in putting a flag of Israel above a Belizean flag I do apologize.

My only reason is that I believe that Israel is God's chosen land and this is my way of expressing myself and in no way I am promoting or condone "**Zionism**."

I will only bring down the flag if there is anything in the laws of Belize that forbade me from doing so.

Why should God choose one nation out of the many that fill the globe?

What is so special about that tiny strip of land between the continents, the country we now

call Israel, for which He seems to have such a deep regard?

A short answer to this question would be that as God is the Creator, He does not have to answer to us for what He does. We view His work from a very short time-span, compared with the eternity through which He operates. We must be prepared to wait a very long time if we want to know why He does things a certain way.

Mr George Gonzalez is entitled to his opinion and am I.

Mr Gonzalez wrote said: "*It seems an appropriate time to write this article as we approach the celebration of the birth of Jesus, for those who are Christians.*" Let me ask him this question: Mr. Gonzalez: Are you a Christian? God bless Belize!

Christmas Morning Traffic Accident Claims One Life

A Christmas morning traffic accident in the Western Mennonite Community of Spanish Lookout resulted in the death of the lone occupant of a Ford Ranger pickup truck.

It was shortly after 9:00 am on Friday, December 25, 2009, when the policeman stationed in Spanish Lookout was alerted of a fatal traffic accident in the community under his command.

Upon arrival in the area of Route 35, Spanish Lookout the policeman found a grey 2004 Ford Ranger pickup with license plate CY-C 29013 about 75 feet

off the roadway inside an open parcel of land.

About 25 feet from the extensively damaged vehicle,

police encountered the lifeless body of a male person who was later identified as **Milton Larios**, 29, a

resident of the nearby community of Duck Run III.

The vehicle was found with damage to the front fender, wheel and door on the driver's side.

Police are of the opinion that the deceased was driving alone and might have fallen asleep at the wheel resulting in the vehicle running, out of control, off the roadway.

Police further suspect that the runaway vehicle might have flipped over several times thereby catapulting Larios therefore resulting in visible injuries to the head.

The body was removed from the scene and transported to the San Ignacio Community Hospital where it was officially pronounced dead.

STAR HUMOR

Too Much To Drink

A tourist, obviously drunk, was driving the wrong way down Albert Street in Belize City when a Traffic Officer pulled him over.

"This is a one way street

buddy. Didn't you see the arrow?" asked the Officer.

"Arrow! What arrow?" the confused driver said. "I didn't even see the Indians."

Be Careful How You Advertise

A little old woman answered a knock on the door one day, only to be confronted by a well-dressed young man carrying a vacuum cleaner.

"Good morning," said the young man. "If I could take a couple minutes of your time, I would like to demonstrate the very latest in high-powered vacuum cleaners."

"Go away!" said the old woman. "I haven't got any money!" and she proceeded to close the door.

Quick as a flash, the young man wedged his foot in the door and pushed it wide open.

"Don't be too hasty!" he said.

"Not until you have at least seen my demonstration."

He proceeded to empty a bucket of horse manure onto her hallway carpet.

"If this vacuum cleaner does not remove all traces of this horse manure from your carpet, Madam, I will personally eat the remainder."

The old woman stepped back and said, "Come on in boy. My son, who is sitting over there is a Judge of the Supreme Court and he heard your promise so I hope you've got a darned good appetite, because the power company cut off my electricity this morning."

Combating Crime Must Be Government's Top Priority

By: Wellington C. Ramos

In almost all the countries in the English speaking Caribbean their crime rates have increased to the point where the governments are frustrated and baffled by the new numbers.

Not only have the crimes increased but when it comes to bodily harm and theft they are more violent in nature.

In Belize where I am from it is gang violence, murders and violent robberies. The rate of crime in a couple months last year may have influenced the early departure of the then

Commissioner of Police **Gerald Westby** to this new Police Commissioner **Crispin Jeffries**. Yet despite the change at the top brass the difference in numbers is minimal.

In order to solve crimes, the government must find out the true reasons why people chose to commit crimes and come up with a crime prevention plan.

A crime prevention plan should include the following measures; beat patrol, community policing, criminal intelligence, arrest and conviction of criminals, reforming prisoners, criminal investigation, deportees rehabilitation, drug eradication, drug rehabilitation, drug treatment programs, youth programs and a confidential telephone hot-line for the awarding of rewards.

After a crime is committed, Law Enforcement authorities must spend a lot of time trying to detect who committed the crime which could be avoided if more resources are invested

in crime prevention.

I was a member of the Belize Police Force between 1973 and 1978. I therefore have experience working in most of those areas I outlined earlier.

In those days the Orange Walk District ranked first in terms of violent crimes involving bodily harm with Belize City having the most incidents of theft.

Residents of Orange Walk District had the economic means to survive and did not need to engage in petty theft. However, crimes of bodily were due to arguments over drugs and bar quarrels that led to outright violence.

Today, I do not know what is the current statistics but from what I have read in the news, Belize City has taken over crimes in all categories.

I was posted in the Orange Walk District from 1974 to 1977 as a Crimes Investigator. We had a lot of unsolved murder cases. Many of these cases could have been solved if more resources were allotted to the police

detachment in Orange Walk.

Geographically, the Orange District is huge with many populated satellite villages.

I am of the firm opinion that those who engage in criminal activities do so out of desperation. They make it their lifestyles. They have no regard or respect for the citizens of their countries.

A government that cannot protect its citizens from these criminals, in a matter of time itself will become victims of these people.

The population of Belize is relatively small and most Belizeans are related in one way or the other or they know each other.

I have travelled every district in Belize, I have met and interacted with Belizeans from all walks of life and therefore I know that, by nature, Belizeans are not a violent people.

I am strongly urging this government to make crime reduction their number one priority this year.

Criminal deported from the United States of America to their home countries are a new breed

Cayo West Welcomes The New Year With Two Days Of Christian Concert

El Grupo Rey Divino with the Event Coordination, Samuel Cocom (2nd left)

SAN JOSE SUCCOTZ VILLAGE, Cayo District, Monday, January 4, 2010:
BY: Samuel Cocom

It gives me great pleasure to publicly express appreciation and sincere gratitude to the **Hon. Erwin Contreras**, Area Representative for the Cayo West Constituency for the financial and other resorces he expended in making the coming of the New Year a joyous ocassion for residents of the villages of San Jose Succotz, Calla Creek, Arenal and Benque

Viejo Town. Thanks to the efforts of Minister Erwin Contreras, the beginning of the New Year in the deep west was celebrated with two days of live Christian Concert on Friday, January 1 and Saturday, January 2, at the football field in San Jose Succotz Village. The concert began at 7:00 pm and lasted right up to midnight. The over 3,000 persons attending the concert on both days were treated to live christian music and performance by Rey

Divino from Suchitepequez, Guatemala and Voces Para Cristo from neighboring Melchor De Mencos, Peten, Guatemala as well as Hossana and Jabes from San Jose Succotz. The community was likewise pleased to have seen many

visitors from Melchor De Mencos, Guatemala in attend-
ance on both nights. Apart from the live entertain-
ment another highlight of the event was the collective prayers for prosperity for Belize and all its leaders.

of criminals. They return with experiences that local criminals do not possess. Governments of the receiving countries must therefore have special programs to deal with criminal deportees. Weapons of all sorts are coming into Belize from neighbouring countries. This destructive trafficking has got to end. Most of the weapons are far more advanced than the weapons available to local law enforcement agencies. If we come together as a people and make up our minds

that we are going to address this problem together as one big family, then we will see a major reduction in the crime rates and a better way of life for all Belizeans. Visitors to Belize and the other Caribbean countries have similar experiences in their own countries. The government should bring together leaders from all political, social, religious and non-governmental organizations in the effort to jointly seek ways and means to combat crimes because of its severe effects on society as a whole.

The Origin Of Some Everyday Expressions

In George Washington's days, there were no cameras. One's image was either sculpted or painted.

Some paintings of **George Washington** showed him standing behind a desk with one arm behind his back while others showed both legs and both arms.

Prices charged by painters were not based on how many people were to be painted, but by how many limbs were to be painted.

Arms and legs are "**limbs**," therefore painting them would cost the buyer more.

Hence the expression, "**Okay, but it'll cost you an arm and a leg.**"

As incredible as it sounds, men and women took baths only twice a year, usually in May and in October!

Women kept their hair covered, while men shaved their heads (**because of lice and bugs**) and wore wigs.

Wealthy men could afford good wigs made from wool. They couldn't wash the wigs, so to clean them they would carve out a loaf of bread, put the wig in the shell, and bake it for 30 minutes.

The heat would make the wig big and fluffy, hence the term "**big wig.**"

Today we often use the term "**here comes the Big Wig**"

because someone appears to be or is powerful and wealthy.

In the late 1700s, many houses consisted of a large room with only one chair.

Commonly, a long wide board folded down from the wall, and was used for dining. The "**head of the household**" always sat in the chair while everyone else ate sitting on the floor.

Occasionally a guest, who was usually a man, would be invited to sit in this chair during a meal.

To sit in the chair meant you were important and in charge. They called the one sitting in the chair the "**chair man.**"

Today in business, we use the expression or title "**Chairman**" or "**Chairman of the Board.**"

Personal hygiene left much room for improvement.

As a result, many women and men had developed acne scars by adulthood.

The women would spread bee's wax over their facial skin to smooth out their complexions.

When they were speaking to each other, if a woman began to stare at another woman's face she was told, "**mind your own bee's wax.**" Should the woman smile, the wax would crack, hence the term "crack a smile." In addition,

when they sat too close to the fire, the wax would melt... therefore, the expression losing face."

Common entertainment included playing cards. However, there was a tax levied when purchasing playing cards but only applicable to the "**Ace of Spades.**"

To avoid paying the tax, people would purchase 51 cards instead.

Yet, since most games require 52 cards, these people were thought to be stupid or dumb because they weren't "**playing with a full deck.**"

Early politicians required feedback from the public to determine what the people considered important.

Since there were no telephones, TV's or radios the politicians sent their assistants to local taverns, pubs, and bars. They were told to "**go sip some ale**" and listen to people's conversations and political concerns.

Many assistants were dispatched at different times. "**You go sip here**" and "**You go sip there.**"

The two words "**go sip**" were eventually combined when referring to the local opinion and, thus we have the term "**gossip.**"

A Second Grenade Death In The City

As gang rivalry continues in the old capital, another grenade explosion has claimed the life of yet another boy on the streets of Belize City.

Police reports that it was shortly after 7:00 pm on Monday, December 28, 2009 when they were summoned to the Karl Heusner Memorial Hospital and ushered into the trauma room to the officially pronounced body of **Rudolph Flowers**, 14, of #3633 Fabers Road, Belize City. The body had a visible hole on the left side of the abdomen.

The police team was then led to another section of the hospital where they came in contact with two surviving victims of the explosion.

The first individual, with injuries to the right thumb and right knee, was identified as **Leon Williams**, 28, of #29 Fabers Road, Belize City while the second person, with injuries to the inner right thigh, back and left foot, was identified as

The Accused Grenade Launcher, Lusby Martinez, 25

Kenneth Barrow, 32, also of a Belize City address.

Initial police investigation revealed that shortly after 7 o'clock that Monday night, the deceased Rudolph Flowers and Kenneth Barrow were in a yard

at the corner of Kraal Road and Haynes Street in the city whilst Leon Williams was walking on the street when someone threw a grenade in the yard.

The device exploded resulting in the almost instant death of

Rudolph Williams and injuries to Kenneth Barrow and Leon Williams.

Scene of Crime personnel from the eastern police division, accompanied by explosive experts from the Belize Defence Force, responded to the scene of the incident where they found a crater and holes around the cement fence obviously caused by the fragmentation effects of device. A grenade safety pin was retrieved from the scene.

Police reports that Leon Williams subsequently discharged himself from the hospital.

Aggressive investigation led to the arrest, three days later on Thursday, December 31, of **Lusby Martinez**, 25, of #43 Pelican Street, Belize City.

Martinez was subsequently formally charged with one count of murder, two counts of attempt murder and two counts of use of deadly means of harm.

He has since been remanded to the Hattieville Central Prison to reappear in court on Thursday, February 4, 2010.

Two Burglars Arrested

Continued From Front Page

where:

a) The December 14, burglary of the Bullet Tree Falls Village residence of primary school teacher **Carlos Thompson** resulting in the loss of several pieces of jewelry, a DVD player and two dozen DVD movies, all for a total value of \$3,400. Entry was reportedly gained through the front door which according to Thompson was left open when the family departed on their various routes for the day.

b) The December 21, burglary of the Martin Galvez Boulevard, San Ignacio residence of **Teresa Del Carmen Diaz**, 38, Belizean housewife resulting in the loss of one black Sony stereo with two speakers, one bracelet and one silver ring all for a total value of \$700.

Police observed that entry into Diaz' wooden house was gained by prying the lock off a back door and

c) The December 23, burglary of the residence of **Mary Lee Langlois**, 47, Canadian domestic of #23 Neal's Road Santa Elena, resulting in the loss of three laptop computers, an iPod and other pieces of electronic equipment for an estimated total value of \$7,750. In this instance, there was no sign of forced entry into the 50x60 cement building.

Police first received information of a boy going around trying to sell a complete stereo system with speakers for only \$150. The investigations led to the detention of **Daniel Sagastume**, 18, Belizean laborer of an Eduardo Juan Street address in Santa Elena. Sagastume led police to a home in San Ignacio Town where they recovered Diaz' stereo, Thompson's DVD player and DVD movies along with other items, including jewelry linked to other reported burglaries.

Investigations also led to the recovery of 3 laptops identified by Mary Lee Langlois as her property.

Further investigation also led to the arrest of a sixteen year old minor residing on Zaiden Street in Santa Elena while the search continues for one **Melvin Neal** who is believed to be an accomplice to the minor.

THERE IS A POWERFUL RIFLE OUT THERE...

Continued From Front Page

Also reported missing were two cash pans, one containing \$650 and the other with approximately \$10 in coins.

Investigation revealed that entry into the 20x30 downstairs office was gained by the removal of the burglar bar and all seven louvers from a back small bathroom window.

Investigators are of the opinion that rifle was the main objective of the burglary and that those who pulled off the act might have known exactly where to go within the building to get the gun as police strongly suspect that no light was used to find the merchandise since, laying on top of the hard plastic case where the rifle was kept, was a 12 gauge shotgun and when the lid of the plastic case was lifted, the 12 gauge shotgun slid to the back of the shelf, into the darkness, and out of the sight of the burglars.

Furthermore, investigation revealed that the secretary's workstation was left undisturbed

with at least \$150 left inside an unlocked drawer while several thousands of dollars worth of modern computers and other

electronic equipment were left undisturbed.

With the magnitude of the investigation currently underway, police strongly believe that it is only a matter of

time before they lay their hands on those holding this firearm and are strongly advising those in possession of this gun to make arrangements for its recovery.
