BING'S SUPERMARKET ROBBED AGAIN

SANTA ELENA TOWN, Cayo, Thursday, March 18, 2010:

Two suspects, believed to be involved in the Wednesday night robbery of a Santa Elena Chinese grocery store, are in custody at the police station in San Ignacio.

Police reports that it was exactly 8:40 p.m. on Wednesday, March 17, when they received a telephone call of a robbery at Bing 's Supermarket, located at the corner of Bishop Martin and Hibiscus Streets in Santa Elena Town. Police were on the scene within 5 minutes of receiving the call.

The Chinese Grocer, **Quing Jie Chu**, 51, reported that two masked male persons dressed in dark clothes entered

the supermarket. One of the assailants was armed with what appeared to be a sawed off shotgun while the other was

unarmed.

The assailant with the shotgun reportedly pointed the weapon to Chu's wife who was behind the

counter while the unarmed assailant circled, went behind the counter, directly to the cash drawer and removed all the money from inside the drawer. They both ran out and disappeared into the darkness.

Chu reported that there were about three or four customers inside the store when the incident unfolded. He estimates that the robbers made off with about seven hundred dollars in cash being proceeds of the day's sale.

This is the second time that Bing's Supermarket was burglarized since Quing Jie Chu took over the supermarket in 2008 from a fellow Chinese businessman who himself and

which included a 19 inch color television set, a Canon brand digital camera and a CD player, amounted to almost four thousand dollars.

After he was detained, Neal was transported to the station and when he was going through a more detailed search, prior to being placed inside the holding cell, four pellets of marijuana,

We've Come A Long, Long Way

STAR Editor, Nyani Azueta August receiving certificate from Sr. Supt. Paul Wade

These comments could have been postponed until the latter part of August this year on the occasion of the 10th anniversary of the **STAR Newspaper**. However, something amazing occurred this week which made us truly reflect from whence we came right up to that specific point this week.

The event in question was a routine invitation to attend and to report on an award ceremony at the police station in Benque Viejo Town organized by the formation's Commander and the senior staff under his command to recognize and show appreciation to outstanding personnel from that local constabulary.

As the program was drawing to a close, we were called up to receive a certificate of appreciation and then it dawned on us that we have indeed come a long way since we started in Dangriga Town on August 27, 2000, exactly two years to the date when the United Democratic Party lost the general elections in 1998.

Apart from getting ZERO government advertising business during those days, our relationship with the police in Dangriga can be described as cordial as most of the formation commanders and other senior personnel were acquaintances and former colleagues.

However, the situation changed drastically when a family tragedy brought us to Cayo. We arrived at a period in 2004 when the local constabulary was on a roll. Police abuse and corruption ruled the day. A certain local business sector ruled the streets and could get away with the most criminal behavior and so we came into a head on collision with San Ignacio police.

It took us about two weeks to establish ourselves in the new neighborhood to produce the first edition of the STAR in Cayo. It did not take too long thereafter for the police to begin targeting us.

We were kept under police surveillance for several months as undercover police officers were posted in the neighborhood to record our movements.

We were constantly disrespected and chased out of the police station as we tried to gather information.

Our office/home was searched on many occasions during day and nighttime hours for drugs, firearm, ammunition and explosives they said.

The Publisher was jailed on two close occasions as the abusive arresting corporal walking away with a promotion as he was instructed to shoot to kill if ever any of the arrests were

resisted.

The challenges we faced were compounded by the political inclination of the Commanding Officer at that time. The police in those early days were determined to destroy us.

Contrast those days to today when a police formation would actually present the **STAR Newspaper** with a certificate of appreciation and with the invitation, issued a few days ago, for the Publisher of the STAR Newspaper to be the Master of Ceremony for the April 9 event to recognize and highlight outstanding officers attached to the head station in San Ignacio.

We have certainly come a long, long ways.

Notwithstanding improved relations with the police, there remain elements within its senior ranks who still classify us as being anti-police.

Despite the improved relationship with the police, one fact remains constant which is that we continue to be 100% opposed to police brutality and abuse. However in the processes of championing the cause of victims of abuse; we continue to maintain that respect is mutual.

As human beings, we expect the police to protect themselves from lawless citizens who allow the abuse of alcoholic beverages to get the better of them and in the process assaulting the police in the execution of their duties. The most glaring case in point is the situation which unfolded during the early morning hours this past Wednesday in San Pedro Town whereby a Corporal of Police who might have had too much to drink lost his life when he decided that he was going to assault a superior officer for taking action against his lawlessness.

Three Robbers Escaped With Five Gran

SAN IGNACIO TOWN, Cayo District, Thursday, March 18, 2010:

Three masked male persons are reported to have made off with five thousand dollars in cash after robbing a Chinese husband and wife.

Hui Na Chu, 48, Chinese businesswoman of a George Price Avenue address in Santa Elena Town, reported to police that at round 10:45 p.m. on Wednesday, March 18, she closed her business place on Burns Avenue in San Ignacio and

in the company of her 48 year old husband, they drove their Toyota pickup across the Hawksworth Bridge to their residence in Santa Elena Town.

The complainant informed that they were preparing to exit the vehicle in front of their

residence when a dark color, small 4 door car drove up from behind and parked next to them. Three masked male persons, in dark clothes, armed with what appeared to be shotguns, reportedly jumped out of the car and held up the complainant and her husband.

Fearing for their lives, and complying with the robbers' demand, the complainant handed over the money amounting to approximately five thousand dollars in cash. In addition to the cash, the victims were also relieved of a Nokia cellular telephone, valued at two hundred and fifty dollars; two pink school bags, valued at sixty dollars; their Scotiabank and Belize Bank savings account books and other personal documents.

After pulling off the act, the assailants boarded the car and sped away.

The police are asking anyone with information relevant to the investigation to please contact the Crime Investigation Branch or the Special Branch at the San Ignacio Police Station.

Please, Not Another Summer Fire At The Municipal Garbage Dump Site

**SAN IGNACIO TOWN, Cayo,
Thursday, March 18, 2010:**

It was shortly after 12 noon today when a thick black smoke began to rise into the western sky.

The first call came in from a concerned employee of a popular resort in the area. *“Not another summer season with having to go through the discomfort of inhaling the smoke from the burning municipal dump site”*, remarked the caller.

A few minutes later a second call came in, this time from a concerned citizen who directed us to a feeder road off the Western Highway just across from the Kontiki Service Station.

This second caller expressed concern that Guatemalan scrap metal merchants were burning junk vehicles and in the process polluting the air. ***“Please visit the area and report on this matter”*** requested the caller ***“because, as Belizeans, we could never dream of going into Melchor and doing something like this.”***

We rushed out to the area and came upon a heap of junk vehicles on fire with a trailer truck, half loaded with scrap metal parked nearby.

Contrary to the second caller's impression, the Guatemalan man in charge of the operation informed that he was unaware of

the origin of the fire. He said that he would never intentionally ignite the garbage heap. The fire, he said, drastically reduces the value of the merchandise because it destroys all the wire and other salvageable components of the junk vehicles.

The fire was blazing dangerously near BEL's Hydro lines in the area. BEL personnel, along with members of the Fire Service, were the first responders. After dumping a first load of water on the blaze, the fire tender returned with a second load of water with which the fire was brought under control and eventually extinguished.

The Historic Incident Involving A Policeman Killing A Policeman

SAN PEDRO TOWN, Thursday, March 18, 2010:

A team of investigators consisting of no less than three Assistant Commissioners of Police descended upon the island of San Pedro this morning with instructions to come up with answers in the case of the worse demonstration of police indiscipline ever in the history of the nation.

A police press report indicates that at about 3:10 a.m. on Thursday, March 18, policemen on duty at the San Pedro Police Station heard what sounded to be several gunshots coming from the direction of the police barrack room located behind the police station.

Upon responding, the policemen came upon Sergeant **Paulino Reyes** standing at the entrance to the barrack room with a large cut wound to his head and upon entering the barrack room they found an apparently dead, **Corporal Gavin Sanchez** laying in a pool of blood and bleeding from wounds to the face and feet.

Initial investigations revealed that Sgt. Reyes went to his room after working special duty at Wet Willy's when he was attacked by Cpl. Sanchez who hit him on the head with a galvanize pipe.

Realizing that Sanchez was in possession of a pistol, Reyes tried to close his room door. Two Belize Defence Force soldiers who accompanied Sgt. Reyes to

the barrack room as there was initial allegation that Sanchez would harm him, intervened and was struggling with Sanchez who had a firearm in his hand.

Reports indicate that Sgt. Reyes fired a first shot which caught Sanchez in the leg, however he did not drop the firearm. Reyes then fired a few more shots and Sanchez fell to the ground beside him was a .45 caliber pistol. Sgt. Reyes handed over his Service .9mm pistol to the policemen who responded to the scene.

Cpl. Sanchez was found wearing a white bullet proof vest, which police suspect might have shielded him from a bullet to the abdomen as a slug was found lodged in the vest. He was officially pronounced dead by a doctor on the scene. The body was transported by boat to the morgue at the Karl Heusner Memorial Hospital for the legally required post mortem examination..

The high level police team on the island included Assistant **Commissioners of Police, Miguel Segura, James Magdaleno and David Henderson.**

In an interview with the media, Commissioner Segura informed that a parallel criminal and internal investigation is currently underway to get to the very bottom of this historic display of gross indiscipline within the ranks of the department which,

Please Put Some Light On Our Main Bridge

Dear Editor;

Like other festive seasons, the Easter period is usually a time when criminal activities escalate. It is a time when anti-social elements within the community seek to employ their criminal trade as a means of funding their desire to partake in the merrymaking.

Merchants, home owners and the ordinary person on the street should therefore be extra vigilant during this time of the year.

As we increase our state of alertness, it is imperative that we call upon the authorities to do their part in assisting the protection of life and property.

With the above in mind, I am calling on the authorities, and in this case the electricity company, to please take urgent action the

install proper and durable lighting on the Hawksworth Bridge.

With no light thereon, the pedestrian section of the bridge is very dark when night sets in. This condition provides fertile ground for those anti-social elements within the community as victims are easily trapped within the confined space.

I am therefore making an urgent plea to BEL and to all other relevant authorities to please address this concern as soon as possible before anyone else gets hurt, loses their property or even lose their lives.

As a boledo and lottery seller I must cross this bridge at night time almost on a daily basis except on Sunday nights.

We Should All Keep Badgering BECOL

Dear Editor,

This is in response to Mr. Linares letter this week, saying that Candy and George have beaten the dam dead horse one too many times. I can understand why you feel that way, but don't you think that a responsible company should live up to its obligations and the agreements made before these dams were even built and now ordered by the Supreme Court of Belize? You would think that this company (BECOL) would even be eager to protect the people who support it. They have probably spent more money trying NOT to do a proper warning system and evacuation plan and monitor water quality, than they would have done just carrying out these requirements that they signed on to when it all began. And don't we, as the public, deserve to know the real issues concerning personal safety - in the event of a dam break and whether our

water is safe to bath in and eat fish from?

While I have to just hope that there is never a dam break, my personal concern is that; though I have asked several times and been promised the information, I have not been informed about how far onto my property, which is on the Macal River, water would come if there were to be a dam break. I was just told to evacuate if I hear the sirens. This is also a problem because we cannot hear the sirens. When the sirens were tested along the Macal River, we were told to go outside to listen for them. When I protested and said that I probably wouldn't be standing around outside every night to listen for a siren, I was told that I should keep the radio on all night because the warning would be broadcast. Is this really reasonable?

My opinion is that we should all keep badgering BECOL until we are satisfied that there

is a proper warning and evacuation plan in place, available to everyone and there easily accessed ongoing information about water quality

and whether it is safe to eat fish from the Macal River. This everybody's concern.

Sincerely,

Judy duPlooy

How Many More?

Dear Editor;

Last Friday night there was another accident on the Western Highway, between the Chuc's and the Texaco Gas Stations coming into San Ignacio Town.

In the past 6 years, there have been many accidents and a couple of deaths, that we can recall. The majority of accidents have happened as the road curves, causing a blind spot. Vehicles come fast, sometimes trying to pass even though they cannot see if there is oncoming traffic.

A few years back, when we witnessed a death in front of our house, we went to the Town Office to see about getting a speed bump at or near the Trench Town crossing so the children going to school from the area would have a safe crossing and the traffic would be forced to slow down before reaching the blind curve. They said they couldn't do anything - it had to be Public Works. At the time, the Town Board was UDP and

the National Government was PUP and they seemed unable to work together to help prevent more casualties.

Nothing happened.

After two more serious accidents, we went back to the Town. By then, both the town and national government were UDP. We were told to write Public Works, which we did. And still no action.

On February 3, we went to the Town Board meeting at CCET and raised these same concerns. We were told the matter would be investigated.

Now another accident. We do not know how serious the injuries were but the impact of the vehicles hitting each other was very loud.

Some people believe nothing will change unless someone dies. In this case that is not true because there have already been deaths and nothing has changed. We sincerely hope that action will be taken before there are anymore.

Towards A More Perfect Union

Rudolph A. Bowman
rabowman2@gmail.com

A perusal of much of my writings may indicate that I invariably write on matters for which I have no formal academic training. The article today is no exception. Why do I venture into these unknowns? Well, for one thing I've been retired now for a bit, and have a lot of time on my hand. I think I'm old enough where some wisdom has caught on, and I have travelled extensively to sample the cultures of many worlds. Thus, I assume, I'm entitled to these ramblings!

Does that mean my writings are without bias? Hardly so. We are the sum total of all our experiences, exposures and value system, and as such, express our thoughts accordingly. Believe me, there is no such thing as an unbiased opinion. Why do you think we have Catholics and Protestants (and atheists), Democrats and Republicans (and Libertarians and Tea Party), PUP and UDP (and UBAD)?

While I've often argued in defense of Latin America and the Caribbean, my native home area, today I hope to present the other side, that of my adopted homeland, the USA. I spent my first two decades plus living in Belize (minus a 3-year stint at Zamorano, Honduras). But I've spent over four decades living in the US, having lived in California for 6 years, and the rest in Fort Collins, Colorado. This longevity makes me know a little about what's not so good about America (I sometimes get some help from down under). But I also know a lot about what's good about America. I

The Author, Rudolph A. Bowman along with Grandsons Carter (L) and Griffin (R)

wish to present today, a short profile of a not so ugly America, an America that is constantly striving, though with great difficulty and at times at a very slow pace, towards a more perfect union.

While there is much to be said about our many freedoms and strong watchdog media, I hope to show one example in four different areas worthy of positive note.

I begin with the action or lack thereof of the Carter Administration during the Iran hostage crisis. To review, the Iranians held 53 members of the US embassy. One of the many suggestions for reprisals was to hold their embassy people hostage also, and to negotiate for exchange. This was a time when many Iranians in the US were allowed to demonstrate (with US safety protection) on behalf of the soon-to-be Islamic Republic. Obviously, that suggestion was defeated, and the hostages were held for 444 days. Carter (my grandson is named after him)

went on to lose the election to Reagan. Today, Carter works for equality and a homeland for the Palestinians, and for free elections across the world.

I turn now to benevolent foundations like that of Bill and Melinda Gates, and yes, that of President William Jefferson Clinton, and the work they are doing to help alleviate poverty and diseases (AIDS, malaria, TB, safe drinking water) in lesser developed countries. Yes, these people have much to begin with, and they could have chosen to sit at home in front of a 50-inch plasma TV, but they have decided to work tirelessly on behalf of the disenfranchised, the poor, the suffering. The Gates Foundation is working on vaccines, and Clinton, working with the Pharmaceuticals, was a significant player in the huge reduction in the cost of AIDS medication.

Paul Farmer, medical doctor, world citizen, spends a huge part of his time and efforts (Partners in Health) working in Haiti (long before the earthquake) building hospitals, schools, fighting TB, AIDS, and malnutrition. He has expanded his work to Africa and Latin America. Many Paul Farmers exist across the United States.

We have been and still are the leader in educating scholars from all over the world. For better or for worse, our graduate schools produce much of the inventions that fuel the world's economy. We are the Nation of the Manhattan Project, but also that of the Marshall Plan, the Nation that sent a man to the moon, but

also helped to eradicate Polio and Small Pox.

Other secondary areas include the large source of employment for foreign-born residents and the remittances they are able to send to their home countries. This is not an insignificant amount (\$61 billion in 2005)! With all our faults and problems, we are still the country of first choice for immigrants, the country with the largest ethnic diversity, a real land of opportunity for hard workers.

While some of our government foreign aid programs (\$28 billion) may have had mixed reviews, our private philanthropy programs have been even more generous, and with less preconditions.

We have a president now who wishes to deal with the world on a more equitable footing. We are not perfect; there is much to be done to strive for harmony and equality within our own borders, and reconciliation abroad. But we do have some mechanisms in place to help lead us towards that more perfect union. As Martin Luther King Jr. hoped for, and said about this nation over four decades ago:

"...Live out the true meaning of its creed, that all men are created equal."

STAR HUMOR

Don't Mess With My Pinto

A guy driving a Pinto pulls up at a stoplight next to a Rolls-Royce.

The driver of the Pinto rolls down his window and shouts to the driver of the Rolls, "Hey, buddy, that's a nice car. You got a phone in your Rolls? I've got one in my Pinto!"

The driver of Rolls looks over and says simply, "Yes I have a phone."

The driver of the Pinto says, "Cool! Hey, you got a fridge in there too? I've got a fridge in the back seat of my Pinto!"

The driver of the Rolls, looking annoyed, says, "Yes, I have a refrigerator."

The driver of the Pinto says, "That's great, man! Hey, you

got a TV in there, too? You know, I got a TV in the back seat of my Pinto!"

The driver of the Rolls, looking very annoyed by now, says, "Of course I have a television. A Rolls-Royce is the finest luxury car in the world!"

The driver of the Pinto says, "Very cool car! Hey, you got a bed in there, too? I got a bed in the back of my Pinto!"

Upset that he did not have a bed, the driver of the Rolls-Royce sped away, and went straight to the dealer, where he promptly ordered that a bed be installed in the back of the Rolls.

The next morning, the driver of the Rolls picked up the car,

and the bed looked superb, complete with silk sheets and brass trim. It was clearly a bed fit for a Rolls Royce.

So the driver of the Rolls begins searching for the Pinto, and he drove all day. Finally, late at night, he finds the Pinto parked, with all the windows fogged up from the inside. The driver of the Rolls got out and knocked on the Pinto.

When there wasn't any answer, he knocked and knocked, and eventually the owner stuck his head out, soaking wet. "I now have a bed in the back of my Rolls-Royce," the driver of the Rolls stated arrogantly.

The driver of the Pinto looked at him and said, "You got me out of the shower to tell me THIS?"

Copa Cayo Oeste 2010

POR: Alejandro Rios

La tercera semana de accion en la Copa Cayo Oeste, dejo una cantidad historica de goleo en los 15 años de vida, todo inicio con el encuentro de Pumas FC, que empezo perdiendo el encuentro con gol de **Jimmy Segura** al minuto 31, poniendo a Benque United adelante en la primera mitad.

Para la segunda parte **Amalio Gamez** viendo que el portero estaba afuera del area pequeña, lo clareo con un disparo elevado que el portero toco levemente, poniendo el 2 goles a cero, al 81 **Sergio Martinez** metio el de la honrra en un tiro de esquina, todavia al minuto 90 Elias Hernandez, disparo desde afuera del area grande, pero el balon se estrello en el poste, dejando el marcador final de Benque United 2 Pumas FC 1, el arbitro del encuentro fue **Roland Kuylen**.

Al termino del encuentro se presento una protesta, en donde se comprobo que el cuadro de Benque United, habia alineado a 4 extranjeros y perdio los puntos, asi que Pumas FC se adjudico los 3 puntos y 3 goles. Cuando eran las 7:00 pm, se dio el marcador historico de 22 goles a cero, Real Benqueño no tuvo piedad de un Green Machine que sin todos sus titulares, no pudo detener el huracan que se convirtio el subcampeon del torneo anterior, y convirtio la cancha Marsahaleck en una goleada historica.

Patrick Helfiger anoto 2 goles, **Byron Manzanero** 3, **Allan Reyes** 3, **Steve Coyoc** 2, **Cristian de la O** 1gol, **Leobardo Mendez jr** 1, y **David Cruz** se despacho con la cuchara grande anotando 10 goles en ese encuentro, acumulando los historicos 22 tantos sobre Green Machine, el arbitro que se canso de

anotar los goles fue **Sabino Jimenez**.

En San Jose Succotz, Arsenal estaba ganado 2 goles por cero a West Boyz, el encuentro fue suspendido, cuando la policia invadio el terreno de juego, existio un mal entendido y la policia entro con armas persiguiendo a algunas personas, lo que provoco alarma entre las familias reunidas, por el escandalo que se provoco, se suspendio el encuentro y se sabra el resultado, despues de la junta de la directiva.

Para el dia domingo 14, Benque Viejo que por cierto estaba a 40 grados celsius, presencio un exelente cotejo, entre dos de las escuadras mas jovenes del torneo, Flamengo vs Juventus, el encuentro estuvo muy parejo por ambas partes, las delanteras se lucieron pero sin direccion, hasta que al minuto 32 de tiempo corrido, Shannon Defourd cristalizó el esfuerzo de un Flamengo que toco muy bien el balon, con esta solitaria anotacion se adjudicaron los 3 puntos, el

arbitro fue Julio Ayala. En el segundo encuentro dominical, los veteranos de Reggae Boyz se enfrascaron en un duelo a muerte contra Riverside FC, en un partido fificil pero lleno de emociones, Ronald Guerra Jr anoto el primero para Reggae Boyz al minuto 19, pero al minuto 25 un descuido de la defensa, provocaria el tanto del empate anotado por el Vice-Consul de Guatemala en Benque Viejo Noel Vasquez, el calor estaba como para hornear pollos y los jugadores lo sintieron, ya que 2 minutos despues Amilcar Uck recibio doble tarjeta amarilla al 27, pasando a ver el partido desde las gradas, que por cierto estaban para calentar tortillas, ganandose la expulsion en una falta por detrás; al minuto 37 Charlie Hernandez equilibraria la balanza, ya que se gano la segunda tarjeta amarilla, misma que ya se habia ganado al 22, asi se fueron al descanso con 10 jugadores por bando, para la parte complementaria, Reggae Boyz anotaria el segundo tanto de los botines de Jaime Castellanos al minuto 64, el partido se puso fuerte y salieron a relucir varias tarjetas, ocasionando que cuando corria el minuto 79 Jose Chi de los veteranos y Warner Cano de Riverside FC, recibieran tarjeta roja directa, por un conato de bronca que no prospero, ya que ambas escuadras los contuvieron, el arbitro del partido fue Geovany Pinelo. en San Jose Succotz, Corozalito gano 4 goles a cero a River Plate, los goles fueron anotados al minuto 4 y 10 por Dario Bautista, al 7' Willian Alonso, y al minuto 58 por Amir Teck.
