Western Highway Jackings Resurfacing

SANTA ELENA TOWN, Cayo, Thursday, April 29, 2010:

The late night/early morning Santa Elena Town jackings, on that stretch of the Western Highway between the Hawksworth Bridge and Carillo Puerto Avenue is on an apparent comeback.

Many of these cases go unreported because the victim is either embarrassed to lodge a formal complaint as in most cases they are drunk and are attacked as they stagger down the highway on their way home or because the items taken from them are considered minimal in value with the items of choice

for the jackers being cellular telephones and jewelry. Victims in these circumstances rarely carry large sums of money as in many cases those staggering down the highway might have spent most if not all their money on the booze and not leaving a least a little cash for the taxi ride back home.

One such reported instance occurred at around 4:00 am on Thursday, April 29. Jaime Requena, 37, Belizean Park Ranger of a Western Highway, Santa Elena Town address reported that he was on his way home and upon reaching in front of Joe's Cool Spot Club,

OVER SIX YEARS ON THE RUN, ACCUSED MURDERER MELVIN SALAZAR TURNS HIMSELF IN TO THE POLICE

Continued From Front Page

Just as swiftly as he was detained, arrested and formally charged for murder, in similar fashion Salazar escaped from police custody. He was reportedly awaiting transportation to the Belize Central Prison and while the cell block was going through the usual morning cleaning process, Salazar reportedly bolted out of the station and instead of running across the Hawksworth bridge, he swam across the Macal river and that was the last time the police saw him.

Now that he is in police custody, Salazar informed that he spent 2 years in Mexico but was too far away from his family and so he relocated to Santa Elena, Peten, Guatemala. Whilst in Guatemala he was robbed and in the process he was shot three times. He received a gunshot wound to the right arm and two to the left side of the abdomen.

He informed that whilst in Guatemala he made several overnight trips to visit his common law wife and two children in Santa Elena, Cayo. He said that he turned himself in because he was tired of being on the run and also because he knew that the police were closing in on him and he did not want to be shot and possibly killed in the process of being recaptured.

Having been previously charged for the murder of Ermildo Coc, Salazar will now be charged for escape. With the accused in custody, the murder trial will now proceed.

The BTB and Ministry of Tourism meet with SITCA to advance tourism opportunities

The Central American Council of Tourism Ministers hosted its 74th Ordinary Meeting in Panama, April 21st to 23rd, 2010. The participating Belize Delegation included the Minister of Tourism, Civil Aviation & Culture, Hon. Manuel Heredia, the Director of Tourism, Seleni Matus and Marketing Officer, Jordana Riveroll.

The meetings focused on regional Marketing initiatives such as the Central American Travel Market (CATM) now in its seventh year which is being co-coordinated by host country Guatemala with the assistance of the six other Central American countries. Belize's participation is currently being organized by the BTB and the BTIA.

At the meeting, Belize's Minister of Tourism, Hon. Manuel Heredia, tabled Belize's working relationship with CATA (the Central American Tourism Agency) as the Body responsible for marketing the Central American region in Europe and Asia. The objective was to seek greater areas of collaboration with CATA in strengthening marketing efforts in the European market. As a result, CATA will be traveling to Belize shortly to meet with the Belize tourism public and private sectors in an effort to work in a more collaborative approach and to leverage our marketing investment as a destination and region.

The Meetings also provided Belize with an opportunity to present its new Director of Tourism to its Central American partners.

Belize is promoted to the trade in Guatemalan City

The Belize Tourism Board partnered with Maya Regional to host a breakfast presentation to over one hundred wholesalers and travel agents in Guatemala City on Tuesday, April 28th, 2010.

At the invitation of Maya Regional, the BTB had an opportunity to further promote Belize as a premier vacation destination of choice to our regional neighbors. This breakfast presentation allowed the agents and wholesalers an opportunity to see and learn more of Belize's diversity in its product offering which they would then be able to share with their clients looking for a nearby destination to dive, go cave-tubing and explore our Maya Temples. It also allowed them first hand to ask questions on Belize and to establish a public sector point of contact for future enquiries for them to do business in Belize. Maya Island Regional showcased their product offering to these agents whom they have identified as their working partners to grow business opportunities in Belize.

Representing the BTB were Board member Mr. Gaspar Guerrero and Marketing Officer Lorena Martinez.

These captive presentations allow Belize to further grow its emerging markets in Central America and develop sound relationships with local Central American operators in growing future European visits through the Central American gateway.

National Sustainable Tourism Master Plan Kicks Off

A Kick-Off stakeholder workshop was held at the Radisson Fort George Hotel on Friday April 23, 2010 to conclude "Phase 0" within the development of the National Sustainable Tourism Master Plan. The workshop ended a four day tour of destinations within Belize by "Tourism and Leisure" consultants Juan Manuel Ribera (Team Leader) and Gustavo Bassotti (Project Coordinator, Sustainable Tourism Development Specialist).

Recognizing the cross-sectoral nature of the tourism industry, representatives from the private sector, multiple Government Departments, and NGOs were introduced to the mission and objectives of the project, and invited to share first-hand knowledge of the current status of the Belize tourism industry. Valuable input was provided by the stakeholders through an assessment of the strengths, weaknesses, opportunities and threats, including identification of Belize's assets and destinations for future tourism development.

Without a clear plan Mr. Bassotti stressed that Belize would experience higher negative environmental and social impacts from tourism, would not enjoy the maximum potential economic benefits, and the industry would suffer from a lack of leadership. He noted the importance of ensuring that tourism activities benefit the local residents to assure sustainability.

Following this preliminary insight into the tourism offering, for the next two months firm "Tourism and Leisure" will implement the first phase of the project involving data collection and analysis in the areas of tourism demand, supply, competitors, governance and best practice. A larger team, including a policy expert, economist and tourism physical planner will be in-country in early May to carry out interviews, surveys and destination visits throughout the country along with local counterparts. It is envisaged that the final draft of the National Sustainable Tourism Master Plan will be completed by the end of the year, prior to the finalization of more detailed plans for San Ignacio, Belize City, Placencia Peninsula and Ambergris Caye.

The development of the National Sustainable Tourism Master Plan is a component under the Sustainable Tourism Program (STP). Funding for the US\$15million program is provided by the Government of Belize through an IDB loan, and from the Belize Tourism Board. For more information about the program please contact the Project Co-ordinating Unit at info@sustainabletourismbz.org or visit the STP website www.sustainabletourismbz.org.

Kick-off Workshop participants contemplate the face of Belize's tourism industry in year 2030

Nazarene Mission's Plan For The Land Where The Hospital Once Stood In San Ignacio Town

Dear Editor

Re: Former Government Hospital Land, San Ignacio

Please allow me space in your newspaper to thank the people of the twin towns, Santa Elena and San Ignacio for their interest and cooperation with their signatures supporting our request to government for the above-mentioned land. It took us less than a week last year to obtain some 2,000 signatures.

For those who may not know, in the first phase this land will be used for the construction of a multi-purpose building to replace the present Nazarene Church building which will be donated to Faith Nazarene School.

The multi-purpose building will also serve the community for conferences, graduations, hurricane shelter.

The second stage of develop-

ment will see a portion of the land will be used for the construction of a high school in the not too distant future.

Many of you, when you see me at the business square (*downtown, San Ignacio*) the frequent question asked is, "*how is the land coming long?*" The answer is that on February 8, 2010 we received a letter from our Area Representative, **Hon. Elvin Penner** who informed that the matter is before Cabinet and that he is awaiting a final decision.

We trust that the final decision will be a great blessing to our communities.

We thank our Area Representative, Hon. Elvin Penner for presenting our request to Cabinet.

Sincerely,

(Rev) S. Onesimo Pot

The Horizon 2030 Project Visits Galen

Mrs. Adele Catzim Sanchez bringing The Horizon 2030 Project to Galen University

BY: Debbie Scott

GALEN UNIVERSITY CAMPUS, Central Farm, Cayo, April 23, 2010:

Horizon 2030 consultant **Mrs. Adele Catzim Sanchez** joined Galen University students today as they hosted a forum to present their vision of a Green & Sustainable 2030 Belize.

Presentations delivered by the students covered the following areas: Governance, Biodiversity protection, Solid waste management, Multi-lingual identity, Family relationship, De-reservation of protected areas, Energy efficiency, The role of institutions to advocate for change, Green Print for Belize

In her address to the students, Mrs. Sanchez informed that in interviewing Belizeans during the consultation phase of the project, several recurring issues have been emphatically expressed by participating Belizeans.

Other concerns raised are the

issues of mandatory education through to the completion of secondary school, and community involvement at the grass roots level to hold us individually and personally accountable to achieve the visions that we have for a 2030 Belize. The need for the emergence of a robust entrepreneurial culture, and access to financial capital with reduced interest rates for Belizeans to be able to pursue economic opportunities has also been raised by participants.

Mrs Sanchez noted that as a result of the presentations by the Galen University students, she was able to conceptualize how different sectors of the economy can mutually support each other to achieve their 2030 objectives.

The overall focus of the forum was to show how sustainable practices in one form or another can be a part of our everyday lives, and how they can be incorporated into a plan of action for the future of Belize.

A Team Of Eight Scientists Forms Prime Ministerial Advisory Council

OFFICE OF THE PRIME MINISTER, Belmopan, Wednesday, April 28, 2010:

The Office of the Prime Minister announces the formation and commissioning of the Prime Minister's Council of Science Advisers to lead the way in formulating and implementing an effective strategy for Belize's economic advancement through science, technology and innovation.

This comes out of a memorandum of understanding signed on March 29, 2010 between the Office of Prime Minister Hon. Dean Barrow and the Petters Research Institute. It is in keeping with the principle that a critical ingredient in economic advancement of developing nations is capacity in science and technology, a principle underscored by the findings of the 2005 United Nations Millennium Task Force.

The Council is chaired by **Dr. Arlie Petters** of the Petters Research Institute.

Other members include **Dr. Bernard Bulwer**, Director of Medical Services at Karl Heusner Memorial Hospital; **Dr. Kenrick Leslie**, Executive Director of the Caribbean Community Climate Change Centre headquartered in Belize; **Dr. Samuel Malone**, **Dr. George McLendon**, **Dr. Jeremiah Ostriker** and **Dr. Rochelle Schwartz-Bloom**, all American scientists and professors; and **Ms. Nancy Zeleniak**, an American Business Expert.

In accordance with its mission statement, the Prime Minister's Council of Science Advisers (PM-CSA) will directly advise the Prime Minister and his Cabinet on furthering Belize's development through practical and environmentally sustainable applications of Science, Technology, Engineering, and Mathematics (STEM) to create economic growth, strengthen education, enhance health, and fortify Belize's national security.

SHOWCASING THE WISDOM OF ELDER FOLKS

Grampa Jim and Granny Jane went to breakfast at a restaurant where the "seniors' special" was two eggs, bacon, cheese, beans and toast for \$5.99.

"Sounds good," said Granny Jane. "But I don't want the eggs."

"Then I'll have to charge you \$8.49 because you're ordering a la carte," the waitress warned.

"You mean I'd have to pay

for not taking the eggs?"

Granny Jane asked.

"That's right", responded the waitress.

"In that case I better take the whole senior special."

responded Granny Jane

"How do you want your eggs?" asked the waitress.

"Raw and in the shell," replied Granny Jane. She took the two eggs home.

SERVING A GOOD HOME COOKED MEAL

John called his mother and announced excitedly that he had just met the woman of his dreams. "How should I handle this Mom?" he asked.

"Why don't you send her

flowers and on the card invite her to your house for a home cooked meal?" responded his Mom.

John did just as his mother suggested and so a day after

the big date she called to find out how things went.

"The evening was a total disaster," he moaned.

"Why, what happened. She

didn't come over?" asked his mother.

"Oh, she came over alright, but she was adamant and refused to cook...."

Broad Daylight Robbery In San Ignacio

SANIGNACIO TOWN, Cayo, Tuesday, April 27, 2010:

San Ignacio police are seeking the public's assistance with information that could lead to the arrest of two male persons reported to have pulled off a broad daylight robbery on a busy street in San Ignacio Town.

Diana Gregorio, 23, Belizean Teller at St. Martin's Credit Union reported to police that shortly after 10:00 am on Tuesday, April 27, she was walking on Hudson Street on the return journey to work after conducting official business at the Belize Bank.

Gregorio informed that upon reaching in front of the Blue Angels Club, she felt when someone violently grabbed her around the neck from behind. An object was placed to her

abdomen and when she looked down she saw what appeared to be a sliver color handgun. She managed to get a glimpse of the attacker whom she described as a male person of dark complexion wearing a red t-shirt.

The attacker reportedly demanded that she hand over the manila envelope she was carrying.

A second individual, whom she described as a male person of brown complexion, approached her from in front and held on to the envelope. Fearing for her life she reportedly released her hold on the envelope. The attackers ran off with the envelope containing three hundred dollars in coins and 4 deposit books being the property of St. Martin's Credit Union.

San Antonio Women's Group Inaugurated Chicken-Slaughtering Facility

BELMOPAN CITY, Cayo, Monday, 26 April, 2010:

The San Antonio Women's Group Chicken Slaughtering Facility has been inaugurated under the Project of **"Poultry Rearing"** as an alternative income generating activity for the San Antonio Women's Group, last Friday in San Antonio village in the Cayo District.

Present at the ceremony were Minister of Agriculture **Hon. Rene Montero** along with the Chief Executive Officer in the Ministry of Agriculture **Gabino Canto**, members of the San Antonio Women's Group, chairman and councilors of the San Antonio Village.

In his speech, Minister Montero explained that this is a

part of the government strategy to create employment thus the reduction of poverty. It will help to increase income to the Farm Family especially the youths; and will therefore minimize the migration of the youths to urban areas in search of jobs; it is the Ministry's Platform of Food Security which focuses on rural development and the concept of the Farm Family.

Minister Montero distributed 3,500 fingerlings tilapia to San Antonio farmers. He also distributed an acros stove, a sealer, 1 blanching pot, 5 pairs of rubber boots, a set of knives, 50 lbs of plastic bags, 3,000 labels and designs, 12 apron, 1 box of rubber gloves and a box of head nets to the San Antonio Women's Group.
