THE LONG ARM OF THE LAW CAPTURES ACCUSED MURDERER DIONICIO SALAZAR

BELIZE CITY, Thursday, June 24, 2010:

San Ignacio's most recent accused murderer was this Thursday evening captured in Belize City.

The manhunt for accused murderer, **Dionicio "Life" Salazar**, 25, ended at around 3:00 pm today in Belize City when city police stormed a house located a #68 McKenzie Lane off Central American Boulevard in the Port Loyola Area where Salazar was captured and taken into custody.

While Salazar was found alone inside the house, the investigation continues with a view for the possible laying of criminal charges against the legal occupier of the premises who is said to be a woman working at the Ready Call Center in Ladyville.

Immediately upon receipt of the confirmed capture of the accused, a team of policemen from San Ignacio were dispatched to Belize

City with instructions to transport the fugitive to San Ignacio where he will be formally arrested and primarily charged for the June 13, 2010 murder of **Marlon Alfredo Rivera Archilla**, 26 and the attempt murder of **Dean Daniel Dougall**, 41.

Although there were widespread rumors that Salazar had jumped the western border into Guatemala or the northern border into Mexico, police held steadfast to a constant inflow of information that he was hiding out someplace on the southside of Belize City.

The successful apprehension of this accused murderer is credited to information received by way of the police TIPS hotline. The information was relayed to Police Special Branch in Belize City where it was processed with the intelligence based operation executed by elements of Belize City's Anti-Crime Unit of the Belize Police Department.

**The accused murderer,
Dionicio Salazar, 25.**

At around 10:am today, Friday, June 25, 2010, the accused murderer appeared before **Magistrate Ed P. Usher** in San Ignacio's Magistrate Court where the following three charges were read to him: 1) **Muder** in connection with the shooting death of **Marlon Alfredo Rivera Archilla**; 2) **Attempt Murder** and 3) **Use of deadly means of harm in connection with injuries caused to Dean Dougall**.

No plea was taken as all three charges will be heard on indictment in the Supreme Court. As the Preliminary Inquiry (PI) continues, Salazar was remanded to the central prison in Hattieville and will be brought back to court on Tuesday, August 10, 2010.

The Challenges Of Producing Competent And Qualified Commissioners Of Police In Belize And Other Former British Colonies In The Caribbean Region

By: Wellington C. Ramos

Belize like many other former colonies of Great Britain in the Caribbean region, is challenged in the search for senior ranking police officers to take on the task as Commissioners of Police.

In Belize, this is due to a lack of training, favoritism, a deficient promotional system and politics.

This could also be the case in other Caribbean countries because in the news many of them are seeking to import Commissioners of Police from abroad.

In the history of the Belize Police Force most of the officers who were promoted to the rank of Commissioner of Police came from the Special Branch Unit due to their familiarity with each other and the relationship they developed among themselves over the years while providing political intelligence, undermining fellow police officers and providing personal protection for politicians.

In my time, one of the functions of the Police Special Branch was the gathering of political information and processing it into intelligence. The Police Special Branch was hardly ever engaged in routine day to day police duties.

Many of these Special Branch Officers, who subsequently became Commissioners of Police, lacked experience in criminal investigation, traffic duties, prison duties, immigration, prosecution, administration, weapons training and other integral areas of policing. This reality created a strained relationship that exists between Special Branch Officer and Officers from the other branches. In fact, many police officers,

even in these current times, display a high degree of resentment towards members of the Special Branch and avoid socializing with them.

The Belize Police Department comprises several branches such as; Criminal Investigation Branch (C.I.B.), Criminal Records Office, Operations, Special Branch, Maintenance, Prosecution, Staff and Services, Patrol Branch, Anti-Drug Unit, K-9 Unit, Domestic Violence Unit, Special Patrol Unit and Community Policing Unit among several others.

In years gone by, the police were also responsible for traffic and immigration matters until these functions were placed under civilian control. All these branches play a vital role in helping the department to meet their goals and objectives.

Police Officers groomed for the top seat should be given the opportunity to work in most of the other branches of the departments so that they can gain experience to guide the department forward.

In most cases police officers are transferred when they do something wrong or if they aggressively request a transfer. To have a police officer in one department for a prolonged period of time is not in the best interest of the department. A good police officer is one who has an overall working knowledge of all branches within the Department. I am a strong believer, from my own experiences, that a police officer in Belize cannot become knowledgeable in police duties unless that individual is given the opportunity to work outside of Belize City.

Currently, the Belize Police Department does not have a structured promotional system. I do not aware of the administration of any formal examination for promotional purposes. Most police officers are promoted on the basis of favoritism which is not conducive to building moral within the department.

When I was a police officer back in the 1970's, every police constable was eligible to take the examination for promotion to

corporal after three years of service. Once they passed the examination and the finances were available they were recommended for promotion. Additionally, every new corporal was required to attend a Non-Commissioned Officers' Course where they are instructed in areas like methods, skills and strategies in policing.

Belize should devise a uniformed system to promote members of the Department from the rank of corporal all the way up to the Commissioner of Police. This should include; specialist training courses, education, commendations, examinations and other accomplishments.

Promotions of Non-Commissioned Officers (NCO) is done at the discretion of the Commissioner of Police who makes recommendations to the Security Services Commission for the promotion of Commissioned Officers.

Members of the Security Services Commission are in most instances political appointees who hardly know anything about police work and as such they merely serve as rubber stamp for promotional recommendations forwarded to them by the Commissioner of Police.

An experienced and qualified police officer who is disliked or seen as a threat to unqualified officers of senior rank have very slim chances for upward mobility. Many able and capable officers of the Belize Police Department have resigned in anger and frustration due to this sad reality.

In the last government, many officers who were loyal to that administration were rewarded with accelerated promotions by the police minister of that era. In the weeks and months prior to the last general elections the promotional system was shamefully abused. Many Belizeans questioned the timing and the criteria that was used in those promotions.

There was a change of government in February 2008 and therefore it might be difficult for those rapidly promoted senior officers to get another promotion during the

life of the current administration as some of them allowed themselves to be openly used against members of the current administration when they were in opposition.

I am not one who supports political interference in the career advancement of police officers, military personnel or members of the public service. This will set a bad precedent in our country that will bring about severe consequences in the near future. Police officers and military personnel are trained to bear arms and when they become disgruntled they could pose serious security risks to their comrades and to the government.

Belize and other former British colonies attained political independence from Britain many years ago. Yet, we have failed in improving the efficiency and effectiveness of our internal governance to provide relevant training for professionals within the ranks to manage the Police Force and other departments.

The more we continue to engage in promoting unqualified individuals based on their political persuasion, favoritism, family relationships and other non-professional criterias, the task to find qualified professionals for the post of Commissioners of Police in Belize and the other former British colonies will become increasingly difficult.

Let us therefore wait and see when Belize will start to implement a fair promotional system for members of the Belize Police Department, Defense Force and the Public Service which is long overdue.

In most instances a job description is posted and the qualifications for those positions are clearly outlined. If an individual does not meet these requirement, that individual should not even be granted consideration much less an interview.

For its part, the Police Union has an obligation to its membership and, based on conversations I have had with current and former members of the Police Department, the matter of legally structured guidelines for promotion within the ranks of the Department is of major importance and should therefore be afforded top priority.

Telemedia Re-Opening In Benque

BY: Nicholas Ruiz,
Mayor
Benque Viejo Town
Cayo District

WEDNESDAY, June 23, 2010:

Thank you for affording me the opportunity to outline an issue that is very important to the Benque Viejo Del Carmen community. It regards the lack of branch offices for the three major utility companies, i.e. until recently since Telemedia will be reopening its branch office on July 1, 2010.

This concern should be viewed in the following context:

* Of all the 9 municipalities in Belize, Benque Viejo Del Carmen is the ONLY one that does not have a branch office for any of the major utility companies. This situation will change however on Thursday, July 1, when Belize Telemedia Limited returns to Benque Viejo with the inauguration of their new branch office at #1 Church Street in the heart of our town.

* We lost ALL three branch offices (BTL, BEL, and BWSL) from the period of 2001 - 2003, under the previous government.

* Benque Viejo Del Carmen has a population of 8,700 residents as documented by a recent study by **Dr. Carla Barnett** which also shows that it has grown to the third fastest since 2000, only behind the City of Belmopan and San Pedro. In fact, it showed 70% population growth.

* Benque Viejo Del Carmen, a TOWN with a centenarian

history, does not have BEL (electricity) nor BWSL (water) offices, while villages like Caye Caulker, Independence, Ladyville all boast branch offices for these utility companies. This is not to mean that Benquenos look at the aforementioned villages with jealousy or animosity; on the contrary, we recognize that this is our struggle as a town, and that the fact that these villages have their own branch offices bolsters our claim to rightly have our own branch offices.

Nonetheless, I recognize that the core issue at heart is profitability, on the side of the utility companies, and customer service, on the side of the customers.

I genuinely believe that the former should not eschew the other, which I think is what has happend in Benque Viejo.

I have sat down with ALL the utility companies as well as with the previous and present

Chairman of the Public Utilities Commision. In fact, I have even discussed this situation with the Hon. Prime Minister. I have shown, via surveys and questionnaires, that there is overwelming dissatisfaction in terms of customer service (*or the lack thereof*) from these utility companies.

However, I remain open, as I have always been, to finding solutions in an amicable and creative way.

The telephone company has listened and responded positively to our call and for this we thank them as Telemedia re-opens its banch office in Benque: to Telemedia and our Prime Minister, who has been instrumental in this struggle, we, the humble people of Benque Viejo remain greatly indebted.

I take this opportunity to invite all the people of Benque Viejo Del Carmen to come out and show their appreciation to Telemedia and all those who were instrumental in this positive development.

Accused Murderer Escapes While Being Transported From Prison

SAN IGNACIO TOWN, Cayo, Wednesday, June 23, 2010:

He has been implicated in no less than three murders in the Cayo District and today San Ignacio Police reports the escape of murder suspect **Efrain Santiago, 24**.

Reports reaching us indicate that a San Ignacio police mobile was on a primary assignment to Belize City to pick up supplies and as an offshoot of that assignment, the mobile made a detour at the Hattieville Prison to pick up a prisoner who has been implicated in at least three murders.

In the first case, it was over five years ago, during the early hours one Saturday morning, on February 12, 2005, when Belmopan police were called out

Efrain Santiago, 24, Still At Large

to a crime scene in one of the satellite communities in Belmopan where they came upon the brutally machete slaughtered body of **David Aguilar**.

The motive for Aguilar's murder was suspected to be

robbery and the two prime suspects were said to be his friends as earlier that day they were seen by several witnesses drinking with the deceased at a bar in the community.

The investigation revealed that while they were drinking, Aguilar flashed what appeared to be a small gun. After several hours of drinking Aguilar reportedly announced that he was heading home. It is alleged that the two suspects, later identified as **Efrain Santiago**, 19 years of age at the time, and **Noe Alberto Cruz**, 21 at the time, followed him with the intention to rob him of the gun. It turned out however that after the fatal attack the robbers realized that Aguilar did not have a gun. Notwithstanding

however, they proceeded to rob him of his wrist watch and gold chain. The badly injured Aguilar was rushed to the Belmopan hospital where he passed away three days later on Tuesday, February 15, 2005.

Three days after Aguilar's death, on Friday, February 18, Efrain Santiago and Noe Alberto Cruz were formally arrested, charged and presented in Belmopan's magistrate court where a joint murder charge was read to them.

We were unable to ascertain how Santiago got off this murder charge. Bottom line is that he was out of jail when his name resurfaced, 30 months later, in connection with the Tuesday, August 21, 2007 brutal stabbing murder of **Vilma Copo**, 23, at the time.

The victim was reportedly inside her house, in the San Martin community on the outskirts of Belmopan City, with her 3 year old son and 2 year old daughter as her husband, **Ivan Copo**, was out of the country working in Missouri, USA.

Sometime during that Tuesday night a male person arrived in a vehicle and knocked on her door. She reportedly opened the door, which was confirmed by the lack of visible forced entry. Upon entering the house, the intruder immediately proceeded to attack Copo. The post mortem examination conducted three days later on August 24, 2007 revealed that Vilma Copo died as a result of 29 stab wounds and a slit throat.

The heart wrenching aspect of this brutal murder was that it was committed in the presence of her two young children and that they remained inside the house with their dead mother for the remainder of the night right through until about 4:30 the following evening when the tragic discovery was made.

Again, our research could not determine if Santiago was ever arrested and charged in this case. The bottom line remained constant however, this man's name resurfaced in a third murder investigation, this time in the western most municipality of Benque Viejo Del Carmen.

Less than 16 months after the brutal stabbing death of Vilma Copo, it was a Monday morning on December 8, 2008 when Benque Viejo police were called

Your Horoscope & Lucky Numbers

 **ARIES:**
March 22- April 20
 You are likely to dedicate yourself to some task that is nearing completion. Keep an eye on the smallest of details. There are chances of travel and this could be profitable. You will spend time bonding with elders of the family. Keen observation could give you some exceptional ideas at work. **Lucky Numbers: 12, 44, 62.**

 **TAURUS:**
April 21 to May 21
 All your miseries take leave and you are able to lead a fulfilling life. Work progresses on an even keel. You may have to look into some money-related issues. Try and organise paperwork that has been lying unattended. Avoid being critical about your work environment. **Lucky Numbers: 05, 31, 79.**

 **GEMINI:**
May 22 to June 21
 The coming week sees you focusing on long term goals,

mostly professionally. You will have to remember that good results will come only after you put in hard work. There will be fair inclination towards partnerships — personal and professional. Be ready to take some risks if you want to grow. **Lucky Numbers: 18, 27, 53.**

 **CANCER:**
June 22 to July 23
 You strive to improve and are willing to walk an extra mile for it. You are likely to meet people who could help you gain a stronger foothold in your profession. The only impediment to your success could be harsh judgment about yourself. **Lucky Numbers: 03, 49, 82.**

 **LEO:**
July 24 to August 21
 Much of the activity this week revolves around finances. You will need to consolidate your gains, apportion funds for necessary expenses and spruce up your savings. There will be

some tough choices to be made at work. Be clear about your objectives before taking any decisions. **Lucky Numbers: 04, 72, 95.**

 **VIRGO:**
August 22 to September 21
 You are more comfortable financially. Also, some issue related to property gets resolved favourably. You will need to watch out against a tendency to get swayed emotionally and commit to help in terms of money. Do not risk it if you are on the edge yourself. **Lucky Numbers: 24, 56, 78.**

 **LIBRA:**
September 22 to October 23
 This week is all about your family and their comfort. Even though there are several things calling for your attention, you will be focusing on providing them the best. You could be called in to diffuse tension between two individuals. Avoid getting emotionally drawn into other people's problems. **Lucky Numbers: 28, 65, 96.**

 **SCORPIO:**
October 24 to November 21
 The coming week proves to be a test of perseverance. You might have to arrive at a compromise of sorts to fix an issue. Some money-related emergencies may need to be addressed. Refrain from arguing with loved ones over money. **Lucky Numbers: 07, 50, 61.**

 **SAGITTARIUS:**
November 22 to December 21
 Brace yourself for a demanding week. There will be pending tasks at work and demand from loved ones. Carry out your duties and tend lovingly when your heart dictates so but don't stretch yourself too far. Stress can take a toll on your health . **Lucky Numbers: 22, 36, 41.**

 **CAPRICORN:**
December 22 to January 20
 You have to turn towards home and homemaking. Some expenses could be incurred on repairs around the house. Purchase of a costly gadget or jewellery is also indicated. There

are chances of single and eligible individuals tying the knot. **Lucky Numbers: 02, 33, 76.**

 **AQUARIUS:**
January 21 to February 19
 The coming week has an important message for you and it is about the value of friends and supportive people in your life. The love and encouragement you receive gives you an impetus to work better. It's a two-way street and you must keep working at it. **Lucky Numbers: 08, 14, 63.**

 **PISCES:**
February 20 to March 21
 You are likely to be called in to cope with different challenges and may have to deal with money matters. Work out a smart solution so that you do not land in a spot. Accused Murderer Escapes While Being Transported From Prison

Continued From Page 6

out to the scene of a murder on a feeder road about a quarter of a mile off George Price Boulevard in Benque Viejo Town, where they encountered the lifeless body of **Felix Enrique Martinez** lying face down on the side of the road with what appeared to be a single gunshot wound to the left side of the face.

Santiago remained at large for over 11 months until Friday, January 21, 2010 when he was apprehended by Belmopan police whilst socializing at a friend's house in his home community of San Martin on the outskirts of Belmopan. He was reportedly found in possession of a large butcher knife.

The suspect was immediately transported to the San Ignacio police station where, on Wednesday, January 27, 2010, he was arrested and formally charged for the December 8, 2008 murder of Felix Enrique Martinez. He was remanded to the central prison in Hattieville. He was brought back to court

on Thursday, April 22, 2010 and was further remanded until this Thursday, June 24, 2010. It was whilst being transported from the prison to attend court that he allegedly escaped at around 3:00 pm on Wednesday, June 23, 2010.

Reports reaching us indicate that the accused murderer was the sole passenger inside the back of the police mobile on its way to San Ignacio Town. Somewhere along the way to San Ignacio, the accused somehow managed to remove the handcuffs he was wearing and as the police vehicle slowed down upon approaching the speed bump located in the center of Unitedville Village, he jumped out of the back of the vehicle and ran off. The policeman driver reportedly stopped the vehicle, jumped out and began chasing after the escapee. Whilst running behind the fleeing prisoner, the policeman tripped, fell to the ground and emerged with a sprained

ankle. Up to press time this Thursday night, Santiago remains at large.

The somewhat lackluster manner in which a prisoner of Santiago's classification was being transported to court is somewhat intriguing especially when compared for example with the manner in which **Garry Seawell** is now frequently transported to court in San Ignacio. While Seawell is facing extradition proceedings on charges of allegedly importing drugs into the United States of America and possession of arms and ammunition, he is not known to be accused of murdering anyone, let alone

three brutal murders as is the case with Efrain Santiago. An entire police paramilitary operation is mounted every time Garry Seawell is brought to court in San Ignacio. His hands and feet are shackled with heavy chains as heavily armed policemen stand guard around the police station and courtroom from the time he arrives right up until he leaves town. While we are by no means suggesting a relaxation of security measures afforded Seawell, we would hope that at the very least more stringent security measures are taken when handing prisoners accused of committing capital crimes.

Elizabeth's Gas Attack

Elizabeth goes to her boyfriend's parents' house for dinner.

This was Elizabeth's first time meeting the family and she is very nervous.

They all sit down and begin eating a fine meal.

Elizabeth is beginning to feel a little discomfort, thanks to her nervousness and the nice beans

soup.

The gas pains are almost making her eyes water. Left with no other choice, she decides to relieve herself a bit and lets out a dainty little fart. It wasn't loud, but everyone at the table heard it. Before she even had a chance to be embarrassed, her boyfriend's father looked over at the dog that was taking a nap at

Elizabeth's feet, and said in a rather stern voice, "Lassie!"

Elizabeth thought, "*this is great!*" and a big smile came across her face.

A couple minutes later, she was beginning to feel the pain again. This time, she didn't even hesitate. She lets out a much louder and longer fart.

The father again looked at the dog and yelled, "dammit Lassie"

Once again Elizabeth smiled

and thought, "yes!"

A few minutes later she had to let out another one. This time she didn't even think about it. She lets it out and it sounds like the whistle of a train. Again, the father looked at the dog but this time with disgust and yelled, "dammit Lassie, wake up and get away from her before she sh**s on you!"

Suspected Burglars Captured In Advance of Burglary Report

From Front Page

19 and **Lionel Peters**, 22, all Belizean laborers residing in Santa Elena Town.

Although neither arms, ammunition nor drugs was found inside the house, police came upon a sizable quantity of new clothing, colognes, fashion jewelry and three bottles of soft drinks under a bed occupied by Peters. When questioned about the origin of the found items, all three persons denied ownership leading police to suspect that something was not quite right.

All three boys were detained and transported, along with the suspicious merchandise, to the San Ignacio police station where they were held pending investigation.

At about 7:45 that same Thursday morning, **Adriana Smith**, 34, Belizean businesswoman of a Hillview Area address in Santa Elena visited the police station where she reported that her small business place, *Fashions and Illusions*, located at the corner of Carillo Puerto Avenue and Carmen Street in Santa Elena Town, was burglarized. Smith reported that the missing items included clothing, fashion jewelry, a portable DVD player, Victoria Secret products and colognes all for an estimated value of almost seven thousand dollars.

She was subsequently shown the recovered items which she immediately identified as being some to the items stolen from her place of business. Based on the value of the itemized list of stolen goods presented by Smith, this first batch of recovered items was estimated at one thousand two hundred dollars.

As the case began to unfold, one of the accused told investigators that the items were found inside an abandoned house on Salazar Street and that a fourth person, identified as **Dalton Sabala**, 18, was in possession of additional items.

Police rushed to the Carillo Puerto Avenue address of Dalton Sabala where they found a white Pro Club shirt similar to the ones found earlier at Espat's residence. Sabala was instantly detained and transported to the police station.

As the investigation continued to unfold, one of the accused led investigators to the abandoned house on Salazar Street where, hidden in the ceiling, police found a green plastic bag containing cosmetics, perfumes and clothing. The second set of found property was brought to the police station where they were positively identified by the owner and valued at almost two thousand nine hundred dollars thus placing the total value

Shejeen Espat, 18

Ian Villagram, 19

Dalton Sabala, 18

of the recovered items at four thousand one hundred dollars being almost three thousand dollars short of the total seven thousand dollars estimated value of the missing merchandise.

The investigation led to the arrest and formal charging of Shejeen Espat, Ian Villagram and Lionel Peters for the crime of burglary

while Dalton Sabala was charged for handling stolen goods.

All four accused appeared before Magistrate **Anna Rachel Montejo**, on Monday, June 21, where they pleaded not guilty as charged. They were each offered bail in the sum of five thousand dollars and ordered to return to court on Friday, July 30, 2010.

Belize present at FCCA Platinum Conference in Curacao

The Florida Caribbean Cruise Association (FCCA) is conducting its' 2010 Platinum Associate Membership Advisory Council Conference (PAMAC) in Curaçao and Belize was present.

The PAMAC Conference is a great opportunity for cruise executives from the Caribbean, Florida and Latin America to gather and analyze trends and discuss current issues. The event provides destination partners with the opportunity to consolidate relationships and to develop successful bilateral partnerships with every sector.

The Belize delegation attended the PAMAC Conference to discuss issues of legislation, ports, safety, security, tourism development and other cruise industry related issues as well. This opportunity also served for Belize to meet with cruise executives and destinations as it accepted and announced that it will be hosting the PAMAC Conference of 2011.

The FCCA is a non -profit trade organization composed of 15 member cruise lines operating more than 100 vessels in Caribbean, Floridian and Latin American waters. The FCCA strives to build cooperative relationships with its partner destinations and to develop productive bilateral partnerships with every sector by developing an understanding of the growing cruise industry and its operating practices. The FCCA works along with governments, ports and all private and public sector representatives to maximize cruise passenger, cruise line and cruise line employee spending, as well as enhancing the destination experience and the amount of cruise passengers returning as stay-over visitors.

Representing Belize and the BTB in Curaçao were: the Minister of Tourism, Civil Aviation & Culture, Hon. Manuel Heredia Jr., from the Board of Directors, Mr. Stanley Longworth Jr., Mr. Lloyd Enriquez, Registrar of Hotels and Marketing Officer, Michelle Bowers.

The BTB provides Customer Relations Training to Front Line Personnel

Monday, June 21st marked the first day of the Customer Relations Training that the BTB is providing to frontline personnel for Customs, Immigration and porters. As a result, 15 officers from the Customs and Immigration departments are engaging in phase one of a two-part Customer Relations Course being facilitated by BTB trainer Mrs. Luz Hunter. The training will allow these trainees to learn and obtain the necessary skills in customer relations.

This week marks the first of a two-part series of trainings being carried out to frontline personnel at the Philip Goldson International Airport. A similar training was initially carried out last year with officers at the Northern border. After its success, subsequent trainings were planned for the PGIA and the Western Border.

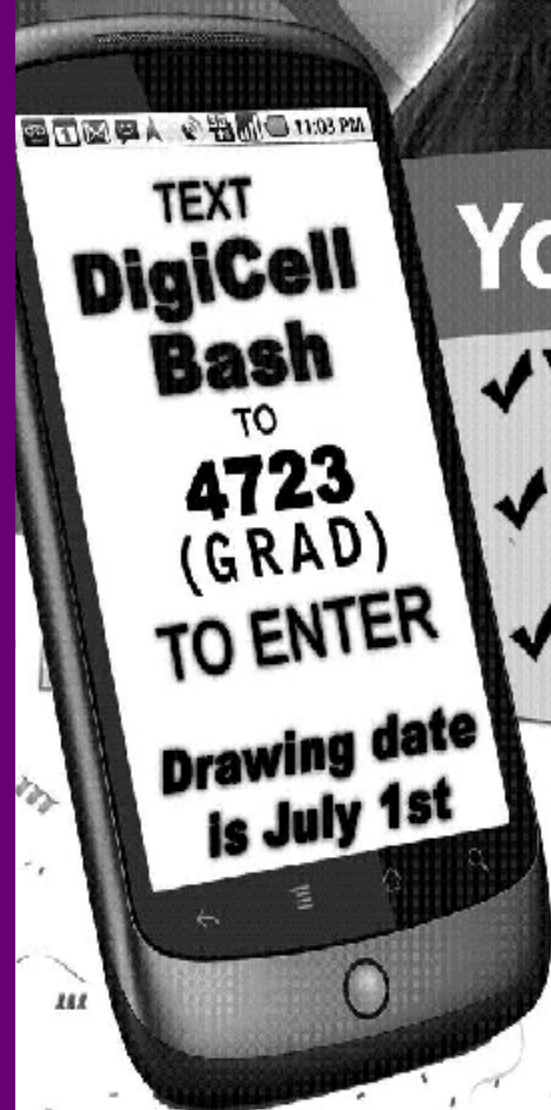

The training will provide frontline personnel with the necessary tools which in turn will allow them to provide a pleasant and positive first impression to visitors and will prepare them to deal with various scenarios where their ability to provide a top-notch service is sometimes tested. This is yet another step towards recognizing the importance of providing an excellent service primarily in that initial contact between visitor and country.

"The Belize Tourism Board is cognizant of the importance of first impressions of visitors to the destination and recognizes the need to equip personnel who are the first point of contact with the opportunity to enhance their skills at customer relations," comments Director of Product Development, Laura Frampton.

The Customer Relations Training will cover important areas such as Customer Service Essentials, Attitude and Professionalism, Effective Communication, Handling Complaints and Team Work. Upon completion of the 32 hour-two part series, the officers will be awarded a Customer Relations certification from the BTB.
