Premier Pine Ridge Resort Expressing Concern About Logging In The Area

October 21, 2010

Mr. Benjamin Recinos

Dear Sir;

It has come to our attention that your company is responsible for the logging that has been happening for the past 4 weeks across the Five Sisters Lodge private property and the Privassion River.

We understand that all logging in the Mountain Pine Ridge Reserve requires permits, and thus we expect that you have been operating in accordance to the forest laws of Belize.

Our concern at Five Sisters Lodge is first of all the noise level produced by the heavy machinery at the logging site. This has deterred some of our visitors to the falls and others to leave the Mountain Pine Ridge.

All visitors to this area come to enjoy the serenity of the Pine Ridge ecosystem and to fully appreciate the sound of the fauna in this area. The sound of machinery is unmistakable and defeats the purpose of total tranquility.

Secondly, we noted the proximity of the logging activity near the steep terrain and the extensive clearing done on the side and on the ridge opposite our Lodge that more than likely will mean erosion of that area.

It was bad enough last year during the wild fire that happened at the same logging site but now our concerns would be during the rainy season and the potential threat of landslides in that area.

Finally, our concern is that the scenery will be forever altered without understanding if indeed any proper assessment of such an activity was made.

The Mountain Pine Ridge Forest Reserve without Pine trees cannot be the same.

Not only is the scenery viewed by our direct guests but by the hordes of daily visitors on tours from San Ignacio that come to marvel at our waterfalls and the beauty of Belize's backcountry.

Our Management team visited the logging site on October 20th, 2010, and noted that no consideration was given to immature or young pine trees at the logging site. Belize and the Mountain Pine Ridge Reserve have been slowly recovering from the damaging effect of the pine bark beetle that destroyed the great majority of our beautiful pine forest, thus to see furthermore this forest being destroyed by the negligent use of heavy machinery at and around young developing pine trees is unacceptable and unforgiving.

We call your attention to this matter and by a copy of this letter to the Forest Department we request for this sort of activity to be completely ceased until an assessment is made of this inappropriate practice.

The management and staff at Five Sisters Lodge strongly believe that the Mountain Pine Ridge Forest Reserve can be utilized under sound, proper and standard practices of timber harvest. Not doing so, otherwise, will mean a further demise of such a natural heritage and an impact on the tourism industry and the natural environment.

Attentively,

Mr. Carlos J. Popper, Owner Proprietor; Ms. Terry Montero Regional Manager; Mr. Javier Martinez, Assistant Manager

LOBOS REMANDED FOR GUN FRIENDS ON BAIL FOR WEED

Continued From Front Page

Police Station were on mobile patrol in Bullet Tree Falls village on Friday, October 29, when at around 8:30 pm, they received reports of a group of male persons traveling in a white Mazda pickup truck one of whom was said to be armed with a gun.

It did not take long for the police to spot the vehicle parked on a farm located between Bullet Tree Falls and Santa Familia Village with a group of male persons assembled under a zinc roof shed. Police reports that as their unmarked Ford Ranger truck was approaching, one of the persons was seen running away from the group with a black plastic bag in his right hand. The most senior officer in the group set chase after him and whilst in pursuit, he reportedly observed when the fleeing man threw the bag into nearby bushes. The man was caught and, with assistance from the Quick Response Team (QRT) arriving on the request for reinforcement, a search led to the discovery of the bag containing a black, point 32 caliber, Smith & Wesson brand revolver, loaded with 6 rounds of suspected live ammunition in the chamber. The loaded gun was found tucked inside a brown gun holster.

All five detainees were transported to the police station in San Ignacio Town where they were identified as Belizeans Rodolfo Roni Lobos, 52, laborer, residing in the San Jose Area between the villages of Bullet Tree Falls and Santa Familia where they were encountered; Edward Glenford Torres, 34, electrician of a

Shawville area address on the western outskirts of San Ignacio Town; Ian Vasquez, 33, laborer also of a Shawville address; Steven "Hen" Gentle, 29, electrician also from the Shawville community and Benjamin Vasquez, 27, mechanic, residing on Benque Viejo Road in San Ignacio Town.

While Edward Glenford Torres and Steven "Hen" Gentle were identified as brothers, there is no blood relation between Ian Vasquez and Benjamin Vasquez. The suspected marijuana, tipping the scale at 189.1 grams, was weighed in the presence of Edward Torres, Ian Vasquez, Steven Gentle and Benjamin Vasquez resulting in their being formally arrested and jointly charged, on Saturday, October 30, for drug trafficking.

Also on Saturday, October 30, the fifth detainee, Rodolfo Roni Lobos, was formally arrested and charged with keeping an unlicensed firearm and for keeping unlicensed ammunition.

All five accused persons appeared in San Ignacio's Magistrate court on Tuesday, November 2, where all charges were read to them by Magistrate **Albert Hoare**. They all pleaded not guilty to all charges.

Given the nature of the offence Lobos could not be offered bail and was remanded to prison while the other four accused, on the drug trafficking charge, were granted and released on bail in the sum of five thousand dollars with two guarantors of twenty five hundred dollars each.

They were ordered to return to court on Monday, December 20, 2010.

President Obama's Biggest Problems Are The Republicans As Well As Big Business and Financial Institutions

By: Wellington C. Ramos

When **Barak Obama** became President of the United States two years ago the nation's economy was in shambles and close to the Great Depression of the 1930's. This was due to eight years of George Bush's presidency squandering the nation's five billion dollar surplus he inherited from his predecessor **President Bill Clinton** on the wars in Iraq and Afghanistan.

This was more than enough money to provide jobs for our unemployed citizens and provide them with health care coverage they desperately needed.

The Republicans under the leadership of their President, had

no intentions of providing any of these two important things to our people. No American citizen in his or her sane mind, believed that President Obama and his Democratic Party controlled congress was capable of solving our economic problems in two years.

The President and his Democratic Party was faced with the challenge of maintaining the cost of the wars in Iraq and Afghanistan, while restructuring our economic policies to revitalize our domestic economy which was in a mild depression.

The Republican Party was using every legislative tool they had to become obstructionist to sabotage these reforms. Even though the Democrats had a majority in the House of Representatives, many of the new members that were elected with President Obama were Conservative Democrats the same as Republican Lite.

They opposed many of the reforms the core members of the Democratic Party were

advancing.

In the Senate there were also a few Conservative Democrats who were against some of the reform agendas despite the fact that the Democrats had the sixty votes to avoid a filibuster.

The Republican Party pretended as if they legitimately wanted reforms to take place. Yet, deep within their hearts and minds, they were doing everything in their power to make this president fail. They went ahead and formed the Tea Party as a radical wing of their party to demonstrate their hatred for the president. There is no difference between the Tea Party and the Republican Party and all actions of the Tea Party are being planned and orchestrated by the Republican Party.

The Republican Party has, for many years, been advocating huge tax cuts for big businesses with the false hope that these businesses will take these incentives to expand their businesses and provide more jobs to our citizens. This experiment was tried by **President Ronald Reagan** and it resulted in these businesses benefiting from the tax breaks without providing any jobs at home but taking their businesses overseas in search of cheap labor.

Since the 1980's, many businesses have left our country in search of cheap labor leaving many of our citizens without jobs. Not only are the jobs going overseas but the goods are being allowed to come back into our country with minimal import taxation to bring back lost revenues to our federal budget.

Our government can no longer afford to have our citizens be given the tax incentives to grow their businesses with our tax payers money and then take the jobs overseas to benefit themselves and the countries abroad. I cannot see how the Republicans can balance a budget, cut taxes, increase defense spending and provide employment to most of our citizens. It has never happened in the past and it will not happen in the future.

Congress recently passed a bill under the Trouble Asset Relief Program (TARP) that was signed in good faith by this president to give the financial institutions a total of 700 billion dollars to

recover financially. The purpose of this money was for these financial institutions to provide money to businesses so that they in return can grow their businesses to employ more Americans. Some of these financial institutions claimed that they needed the money badly to stay in business and avoid going bankrupt. Since receiving this money, many of these institutions have refused to make these funds available to businesses and the general public so that they can invest and revitalize our failing economy. Instead, they have bought other failing financial institutions with this money and have repaid the loans they borrowed from the federal government in record time. This was not the reason why congress gave them our tax money. Many of our citizens are still waiting for them to release this money to help boost our failing economy.

President Barack Obama is too nice for these groups of individuals and it is now time for him to utilize the powers of the executive office to show them who is the President of the United States of America.

The last President to come to office in a similar situation was one of our greatest Democratic President **Franklin Delano Roosevelt**. He knew that the Republican congress was not going to cooperate with him so he signed several Executive Orders to create the changes and new bold initiatives he wanted to implement. He was so determined to make things happen, that he threatened to expand the Supreme Court to get the judiciary branch on his side in the interest of our nation and people. Like President Obama, many thought that he was a socialist but he paid them no attention and went ahead with his programs. In the end he prevailed and he was able to revitalize the American economy and prepare our country for World War-2 to face and defeat Japan and Germany.

The Republicans are happy because they took back control of the House of Representatives. Nothing is going to change with them because they are stuck in their old ways. They want everybody to change while they remain the same. They are only concerned in regaining power while advancing the interest of the wealthy over the middle class and poor Americans.

In Loving Memory of Maria & Richard Stuart

Gone Too Soon BY: Karen Fernandez

There is immense sorrow, anger and grief
As we struggle in disbelief.

We never imagine your lives on earth were to be so short,
Now we must cling to the precious memories embedded in
our hearts.

For your innocent children, nieces and nephews, life must go
on.

They are comforted believing that you are their guardian
angels watching from beyond.
But for us the critical thinkers we lay restless in our beds at
night trying to comprehend
Why your lives, at a tender age, were cut short by vicious,
atrocious men.

You are both in a better place,
Away from the few rebels who are heartless, brutal and
corrupting the human race.
They are full of envy, hatred and greed
Willing to shatter other peoples' lives to gratify their selfish
greed.

We stand firm in our beliefs,
And are grateful for the outpouring of love from those who
comforted us in our grief,
We trust in God and know he will fulfill
His master plan for the immoral minds of the evil.

*The Fernandez and Stuart families express their heartfelt
gratitude to each and every one who supported us unconditionally
during our bereavement for the late Maria and Richard Stuart. May
God continue to bless you and your families.*

Blind Date

Jose sets up his friend Miguel to go on a blind date with a friend of a friend of his. But Miguel is a little worried about going out with someone he's never seen before. *"What do I do if she's ugly?"* says Miguel, *"I'll be stuck with her all night."*

"Don't worry," Jose says, "just go up to her door and meet her first. If you like what you see, then everything goes as planned. If you don't just

shout 'Aaaaaauuggghhh!' and fake an asthma attack. That'll give you an excuse to cancel the date right then and there."

So that night, Miguel knocks at the girl's door and when she comes out he is awe-struck at how beautiful and sexy she is. He's about to speak when the girl suddenly shouts:

"Aaaaaauuggghhh!"

Visiting LAPD Detective Address San Ignacio Police

SAN IGNACIO TOWN, Cayo District, Thursday, November 4, 2010:

As part of their weekly training session today Los Angeles Police Detective **Lynette Mai**, on vacation in her hometown Santa Elena, Cayo, visited with members of the San Ignacio Police formation.

The 2:00 pm session was held inside the conference room at the San Ignacio Police Station where Detective Mai shared her life experience with the group of about twenty officers.

Lynette Mai, is the daughter of **Sylvestre (deceased)** and **Rosita Mai**. She was born in Red Creek and grew up in Santa Elena Town. She attended St. Andrew Anglican Primary and Sacred Heart College both in San Ignacio Town.

After graduating from Sacred Heart at age 16, Lynette migrated to Los Angeles, California where for almost a year she held house cleaning and babysitting jobs.

She was certainly not intent on being a house cleaner or babysitter for very long because she wanted more out of life. She told the gathering that her lifelong dream was to serve in the uniform services primarily as a police officer. She reminisces, about the way she

looked up to police officers all dressed in their neat and impressive uniforms.

After her first year in Los Angeles, Lynette began working as a waitress and attended school at night to further her education with an Associates Degree.

Degree in hand, in 1994, she applied and was accepted to join the Los Angeles Police Department where she has been serving for the last 16 years. She gave the gathering a detailed description of the six months training she underwent such as the many written and oral examinations as well as theory and practical policing exercises. She especially recalls the gruesome physical exercises especially the 12-minute one and half mile run, the obstacle course with the high wooden wall and other strenuous exercises testing physical endurance as well as medical examinations.

After graduating from the training academy, the recent graduates were placed on one year probation in the company of training officers. During that period she worked three twelve hour shifts each day. After the one year probation she was then placed on patrol for two and a half

Los Angeles Police Detective Lynette Mai

years, this she said was mandatory before venturing into any specialized field of policing.

She received a first promotion after seven years of service after successfully sitting the Sergeants and Detective's exams in 2001. She is currently serving as a detective shift supervisor.

After providing that brief background, LAPD Detective Lynette Mai went on to share her views on what it takes to perform to the best of one's ability as an officer of the law. She advised that being a police officer should be viewed as a career, it not as just any ordinary job.

She said that all officers are expected to display professionalism at all times and that professionalism is primarily displayed in an individual's physical appearance, the way a person carries him or herself as well as their physical fitness. It is shown in the way an individual speaks and interacts with others; it is displayed in the manner by which an officer writes reports and the way one dresses both on and off duty.

Detective Sergeant Lynette Mai is also scheduled to visit on Friday, November 5, with officers from the Benque Viejo Town Police sub-formation before she departs Belize on Sunday, November 7, on the return trip to Los Angeles and back to work.

Association of Professional Engineers of Belize

Reaching Out To Victims Of Hurricane Richard

RED CROSS HEADQUARTERS, Belize City, Friday, October 29, 2010:

The Red Cross headquarters on Gabourel Lane, Belize City was the venue today for a 2:00 pm brief handing over ceremony for much needed financial assistance in aid of victims of Hurricane Richard.

During the brief ceremony, President of the Association of Professional Engineers of Belize (*APEB*), **Victor Miranda** handed over a Belize 3,000 dollar cheque to President of the Belize Red Cross **Tracy Taegar Panton** and Executive Director **Lily Bowman**.

In making the presentation APEB President Victor Miranda informed that the improvement in home construction standards remain a constant challenge in Belize. He is of the opinion that the raising of construction standards should help alleviate the devastation residents experience when natural disasters strike.

While every assistance is certainly most welcomed, the APEB President recognizes that the donation is but like a drop in the bucket but that every drop counts as relief organizations take on the Herculean task to assist in the recovery effort.

Miranda informed that APEB remains committed to the future development and supports the Central Building Authority in the enforcement of proper building codes and standards which will ensure a safe and better quality of life for all Belizeans.

In accepting the donation, Red Cross President Tracy Panton and Executive Director Lily Bowman expressed appreciation to APEB for assisting in this time of most need while assuring that every penny of the donation will be utilized for its intended purpose in a transparent and accountable manner as is the hallmark character of the Red Cross.

Channel 5's Reports Are Twisted And Malicious Says The Ministry Of Defence And Immigration

No Arrest Yet In The Attack On Dito Juan

Continued From Front Page

October 28, Dito was returning to Santa Elena Town from his farm located about 2 miles off the Western Highway in the village of Georgeville, Cayo, when he reportedly stopped the silver in color, double cab, Dodge Ram pickup truck, with Cayo license plates CY-C-2605, in which he was driving alone, to close the main access gate to his farm as he was retiring from the farm for the day. He was returning to the vehicle when he reportedly saw, what he initially suspected as children fumbling low in front of the vehicle. As he was approaching the vehicle a man suddenly sprang up from the rear side of the parked truck with a long stick in his hand and came at him ordering him to hand over what he had, within what appeared to be a split second he got the first hit to head and he fell to the ground as two male persons stood over him and began beating him with sticks. In an attempt to defend himself, he reportedly made an effort to pull out his licensed 9 mm pistol from the right side of the waist band of his pants but he was too weak from the beating to release the safety catch.

The attackers took the gun loaded with 10 rounds in the magazine along with his wallet containing over one thousand dollars in cash and personal documents. They also searched his pockets and removed other cash he had therein. After robbing him they disappeared into the nearby bushes with almost fifteen hundred dollars in cash and with Dito's licensed 9mm, Smith & Wesson brand pistol, with serial number A746273, with a magazine loaded with 10 bullets valued at another fifteen hundred dollars, all for a total loss of three thousand dollars.

Despite the severe beating he managed to crawl inside his

Immigration offers the following clarifications:

There has always been a legitimate processes for the handling of visa applications.

As it relates to citizens from the People's Republic of China (PRC), visa applications,

truck, barely seeing out of both eyes with the right one almost closed shut due to massive swelling, he managed to drive the two miles to the police station in Georgeville where he made the initial report.

The matter was compounded when the policeman on duty could not assist with driving the Dodge Ram and so, in severe pain and drastically reduced visibility, accompanied by the policeman, Dito drove over 6 miles to the Loma Luz hospital in Santa Elena, where he was rushed into the emergency ward. He was treated for injuries to the head, back, and arms. He was kept for the overnight and released the following day.

About half an hour after the attack, one of the farm workers realized that something had occurred in the area when he found his boss' eye glasses and his cellular telephone on the ground near the gate. By this time however, Dito had already driven himself to the police station and the hospital.

Dito suspects that in their haste to rob him and escape, the attackers did not take any of his two cellular telephones.

He has since been recuperating at home in Santa Elena, Cayo. Today, seven days later, the attack is still evident as his eyes are still bloodshot with visible bruises around the eye sockets and large bruises on his arms and back.

San Ignacio police is asking anyone with information that could assist in the apprehension and conviction of those responsible for attacking Dito Juan, to please contact the Officer in charge of the formation or the Sergeant Commanding San Ignacio's Crimes Investigation Branch or the Police Special Branch Officer at the police station in San Ignacio Town.

authorized by Government of Belize, are regularly processed through Belize's Embassy in Havana, Cuba and via the British Overseas Missions in China.

Coming into office in 2008, this government reviewed the inherited visa process in order to improve transparency and reduce opportunities for improprieties.

The new government instituted a regimen where such applicants are interviewed by personnel at those overseas missions where they applied. A report of that interview and recommendations for or against visa approval is forwarded to the Immigration and Nationality Department and in collaboration with the Ministry of Defence and Immigration, the application is either approved or denied. Such correspondences are copied to the Immigration Officer-in-Charge at the Phillip Goldson International Airport, The Ministry of Defence and Immigration, the Head of the Police Special Branch, and the Ministry of Foreign Affairs to encourage intra-ministerial information exchange and transparency. Even subsequent to the approval and issuance of a visa, on arrival the individual is subjected to further queries relating to other entry requirements before allowed entry into Belize.

The recent Channel 5 report displaying official correspondences bearing legitimate visa approvals is intended to confuse the Belizean public as it relates to the legitimate process where persons apply, are screened, and either approved or denied, in contrast to those illegal undertakings in respect of those three suspicious aircraft arriving at the Phillip Goldson International Airport on September 17 & 18 and October 3, 2010 for which there was no legitimate visa process.

An inspection of the documentation for the incidents under investigation clearly indicate that there was no interview reports or required recommendations for or against the issuance of visas for those individuals and obviously with no approval or denial

correspondences from the Department of Immigration and Nationality Service.

As a matter of fact, the Police investigation has confirmed that the purported visa numbers recorded on the arrival forms were in fact locked in a vault at the Department of Immigration and Nationality. These visas have therefore never been issued to any of Belize's diplomatic missions abroad for subsequent issuance to applicants.

In an effort to clarify the misleading and mischievous report aired by Channel 5, at the request of the Minister of Defence and Immigration, Channel 5 agreed to the Wednesday November 3, interview on the subject. Notwithstanding, Minister Perdomo is still waiting for any Channel 5 reporter to show up for the interview. They have thus far failed to show up.

Furthermore, the Ministry of Defence and Immigration notes with concern the attempt by an opposition political aspirant/attorney-at-law, to use legitimate official documents sneaked out of the department to cloud the more serious issues regarding those six Immigration Officers who were arrested and criminally charged in correction with those questionable arrivals under reference, some of whom are being defended, in court, by this same attorney.

The Ministry of Defence and Immigration views Channel 5's reports as twisted and malicious. The Ministry condemns the attempt to confuse the Belizean public with the apparent sole intent to gain cheap political mileage.
