

Handling Stolen Goods

SAN IGNACIO TOWN, Cayo, Thursday, September 1, 2011:

The actions of an alert policeman in Benque Viejo Town led to the cracking of a burglary case and the arrest of four persons in three different municipalities.

The incident began in San Ignacio Town when at round 3:30 am on Tuesday, August 23, San Ignacio businessman, **Emil Rodriguez**, 43, residing at #49, 7th Street, San Ignacio Town, was awakened by the sound of dogs barking in his yard.

Rodriguez looked out and saw the shadow of a person moving around in the area of his nearby business place.

He grabbed a flashlight and, upon making checks, he noted that his Hibiscus Homework Helper businessplace was burglarized and that entry was gained through a back window.

San Ignacio police responded quickly to Rodriguez' request for assistance and upon checking the inventory, the following items were missing:

- 1) two black Dell Vostro brand laptop computers valued at \$2,500 each;
- 2) a black Dell Inspiron brand, 9 inch screen, notebook laptop computer valued at \$1,000;
- 3) a white, Acer Aspire brand, 9 inch screen notebook, laptop computer valued at \$895.45;
- 4) an RCA brand, 32 inch flat screen, television valued at \$2,800
- 5) a Play Station III computer game machine valued at \$1,600;
- 6) a Nintendo brand, Wii game set valued at \$1,500;
- 7) fifteen assorted DVD games valued at \$1,600 and
- 8) a cash pan containing about \$50 in assorted denominations.

Four days later, at around 11:00 am on Saturday, August 27, an alert policeman on patrol along the banks of the Mopan River in the area of the illegal crossing into Guatemala, spotted a man acting suspiciously as he was attempting to cross the river into Guatemala.

The individual was detained and found to be in possession of an RCA brand, 32 inch flat screen television and two black, Dell Vostro, laptop computers. The man was detained and, along with the merchandise, was escorted to the police station in Benque Viejo Town.

The man was identified as **Stanley Tillett**, 24, Belizean unemployed, of a Tulip Street address in San Ignacio Town.

Investigators immediately connected the discovery with the burglary in San Ignacio Town. With this break in the case, Crimes Investigation Branch personnel under the direction of **Sgt. Reymundo Reyes** immediately sprang into action triggering the search for a second suspect.

The second break in the case came at around 2:00 pm, on Monday, August 29, when the second suspect was found socializing inside Champions Sports Bar located in the Savannah area, San Ignacio Town.

The detainee was transported from the bar to the police station in San Ignacio Town where he was identified as **Troy Cole**, 21, Belizean laborer of #16 Curassow Street, Belize City.

The investigation further revealed that before traveling to Benque Viejo Town that Saturday morning, the accused mastermind Stanley Tillett gave the black Dell and white Acer to Cole, who took them to Belize City where he sold them.

With the second suspect in custody, and with the new information in hand, the investigation expanded from the deep west all the way to the far east in Belize City.

Assistance was enlisted from Crimes Investigation Branch counterparts at the Eastern Division Police Headquarters, where, on Tuesday, August 30, two search warrants were obtained and executed upon two southside residences in Belize City.

The first search warrant was executed at the #16 George Street residence of **Marvin Hyde**. The search led to the recovery of the black Dell Inspiron brand, 9 inch screen, notebook laptop computer valued at \$1,000.

The second warrant was executed at the #88 Cemetery Road residence of **Phillip Jones** resulting in the recovery of the white, Acer Aspire brand, 9 inch screen notebook, laptop computer valued at \$895.45.

He likewise pleaded not guilty to the charge. Unlike the others however, he was denied bail and remanded to prison. He will be brought back to court on Wednesday, November 30, 2011.

A Message From The Officer Commanding The Cayo (Police) District

SAN IGNACIO TOWN, Cayo, Wednesday, August 31, 2011:

In light of the approaching 21 days of festivities leading up to celebration of the 30th anniversary of Belize's independence on Wednesday, September 21, the Officer Commanding the Cayo (Police) District, **Supt. Louise Willis** hereby issues the following statement:

"Crime trends and statistics indicate a traditional increase in robberies and burglaries during this particular time of the year.

With this in mind, the general public and especially the business community including the banks, supermarkets and stores, are advised to be extra vigilant and alert in order to minimize the opportunity sought by individuals with criminal intent.

While the police will be doing its part by means of our annual September operations which includes increased personnel on mobile and foot patrols

within the community, the general public and the business community is encouraged to do its part to preserve life and property.

In particular, we strongly recommend for the management of the banks as well as for managers of the various security companies operating within the community, to instruct security personnel to heighten their level of alertness and vigilance during these times.

The general public is advised to report, to the police, all suspicious activities and persons in their area. We strongly advised against venturing out of the safety of your homes to investigate suspicious movements outside.

We strongly advise for you to remain indoors and to call the police to investigate all suspicious activities and the

Supt. Louise Willis, OC, Cayo (Police) District

presence of suspicious persons in your neighborhood.

Recognizing that this is the time of the year when we are traditionally in the party mood, I take this opportunity to encourage motorist not to drink and drive as the life you save could very well be your own.

I want to encourage the youth in particular, to refrain from all forms of violent behavior since,

as you are well aware, a single moment of indiscretion could easily result in endless grief.

Wishing everyone a Blessed, Happy and Enjoyable celebration of the 113th Anniversary of the Battle of St. George's Caye and the 30th Anniversary of our Nation's independence.

Let us all celebrate in Peace & Love with respect always for life and property.

September 10th Should Have Been Belize's Independence Day Instead Of September 21st

By: Wellington C. Ramos

Most Belizeans who were born and raised in Belize prior to the year 1981 celebrated the 10th of September yearly and it was known as the Battle of Saint George's Caye Day. This date commemorated the day when the British settlers along with their slaves defeated the Spaniards on the 10th of September 1798, who were trying to remove them from the country of Belize. After this battle, the Spanish crown did not launch another major attack against the British and their slaves. I remember when I was a little child growing up in Dangriga Town the men use to dress up like Baymen with poko

no boy sticks and paintings on their faces during the parade. Most Belizeans looked forward for this parade every year in the month of September. This parade played a major role in instilling nationalism and pride among Belizeans.

The Guatemalan claim to Belize is hindering many Belizeans from becoming nationalistic. In some discussions I have had with a few Belizeans, they agree that Belize belongs to Guatemala. I am one of those Belizeans who totally disagree with this concept. Spain and the other European countries had no right to come to Belize or any other foreign country to slaughter the native Maya Indians and other indigenous people who had been living in their countries for centuries and take their land and then claim it as theirs. This is how Spain claimed the right to Belize and all the territories in the Caribbean and the Americas after they signed the Treaty of Tordesillas in 1494 that was mediated by the Catholic Pope Alexander the VI. In fact, it

is a violation of International Law for any country through aggression to invade another country for no justifiable reason and then claim the country as theirs.

I was told by the late **Santiago Perdomo** who died recently when he visited New York City in 1984 as a part of a UDP delegation, that when he was a member of the People's United Party they all agreed that Belize Independence Day would be celebrated on September the 10th. They were on a visit then to seek the support of New Yorkers to defeat the People's United Party in the upcoming general elections that were scheduled for that year. In 1981 the then Prime Minister of Belize **Honorable George Cadle Price**, took a delegation to London to discuss the Independence of Belize. When he returned from London, he held a meeting with his cabinet and he told them that the independence of Belize will be granted on September the 21st of

that year. Most people in the room were shocked when he announced this new date and were surprised by the drastic change in plan.

This date has no significance with anything in Belize history like the 10th of September does. Now, Belizeans for no good reason are celebrating two national holidays which are only ten days apart from each other. George Price, Said Musa and Assad Showman who were the major players, are still living and they should explain to the Belizean people why they chose September the 21st over September the 10th for our Independence Day. If they cannot give us a good explanation, I would strongly be in favor of a referendum to be held to change Independence Day to the 10th of September which was our National Day prior to Independence. Having two major national holidays for a small country like Belize; is senseless, inconvenient and costly. I now call on all Belizeans to start debating the reason why September the 21st was chosen for our Independence Day over September the 10th.

The Chairman of the Board further informed that "Revenue for the year increased by \$3.61 million over the previous year from \$31.258 to \$34.869" and that "Despite the addition of the Caye Caulker Water System, the Cotton Tree expansion project and other expansions country wide, all of which helped to lead to an increase in the volume of water consumed, the company has, yet again, managed to decrease the total volume of water produced. The Non-Revenue Water team has again been successful in reducing the overall NRW by 2.7 percent points from 29.4% last year to 26.7% in this reporting period. This is a feat unmatched in this region and has made BWS and Belize the – talk of the region – amongst water utility companies especially those in the Caribbean region. For this I commend the management and staff of the company. BWS continues to improve its customer services and working environment. Customer services initiatives include an update of our customer information, improvements in our e-billing and online payment services. We have also successfully renegotiated the collective bargaining agreement with the union. Staff training and development continued through the year given that the company recognizes the value of customers and employees as key stakeholders."

The approaching year promises to be an eventful one" said Chairman Longworth "with the coming on stream of the Belize River Valley Project, the Placencia Peninsula Sewer Project and major expansion works in the pipeline for Ambergris Caye".

Chairman Longworth

concluded by informing that "As always, the achievements of the company would never materialize without the gracious cooperation of the Government of Belize and the absolute commitment of the Board, Management and Staff in ensuring the continued viability of this most essential company. I therefore once again take this opportunity to thank all involved for their hard work and commitment as we look forward to another record breaking year."

Chief Executive Officer, Alvan Haynes

For his part, Chief Executive Officer Alvan Haynes gave a power point presentation on an overview of the company's performance, Financial results, Cash Flow & Debt Financing, Asset expansion and improve-

ment, Operations. Customer service and Billing, Human Resources, Support Services and the Focus of the Company as it moves in a forward direction.

The meeting also included a video presentation of the various expansion and asset maintenance projects undertaken during the reporting year just ended.

The meeting ended with the raffling of ten fantastic prizes.

A Version For The Wife

Mr. Jones visited the San Ignacio Community hospital yesterday .

He told the doctor that he wasn't able to do all the things around the house that he used to do.

When the examination was complete, he said, "Now, Doc, I can take it. Tell me in plain

English what's wrong with me."

"Well, in plain English," the doctor replied, "You're just a plain old lazy bum."

"Thank you Doc." responded Mr. Jones, "Now give me the medical term, so I can tell my wife!"

Two Moms

A blonde goes into work one morning crying her eyes out. Her boss concerned about all his employees well being asked sympathetically, "What's the matter?" To which the blonde replies... "Early this morning I got a phone call saying that my mother had passed away."

The boss feeling very sorry at this point explains to the young girl. "Why don't you go home for the day. We aren't terribly busy. Just take the day off to relax and rest."

The blonde very calmly states..."No. I'd be better off here. I need to keep my mind

off it and I have the best chance of doing that here."

The boss agrees and allows the blonde to work as usual. "If you need anything just let me know."

A few hours pass and the boss decides to check on the blonde. He looks out over his office and sees the blonde hysterically crying! He rushes out to her asking "What's so bad now? Are you gonna be okay?"

"No..." exclaims the blonde, "I just received a horrible call from my sister and she said that her mom died too!!!!"

Is It Because I'm Blonde?

A girl came skipping home from school one day.

"Mommy, Mommy," she yelled, "we were counting today, and all the other kids could only count to four, but I counted to 10. See? 1, 2, 3, 4, 5, 6, 7, 8, 9, 10!"

"Very good," said her mother. "Is it because I'm blonde?" the girl said.

"Yes, it's because you're blonde," said the mommy.

The next day the girl came skipping home from school.

"Mommy, Mommy," she yelled, "we were saying the alphabet today, and all the other kids could only say it to D, but I said it to G. See? A, B, C, D, E, F, G!"

"Very good," said her mother. "Is it because I'm blonde, Mommy?"

"Yes, it's because you're blonde."

The next day the girl came skipping home from school.

"Mommy, Mommy," she yelled, "we were in gym class today, and when we showered, all the other girls had flat chests, but I have these!" And she lifted her tank top to reveal a pair of 36Cs.

"Very good," said her embarrassed mother.

"Is it because I'm blonde, mommy?"

"No Honey, it's because you're 24."

What Is A Skin Boil?

What Is A Skin Boil

Boils are usually caused by a bacteria called *Staphylococcus* (staph).

Most staph infections develop into abscesses and can become serious very quickly.

This germ can be present on normal skin and enters the body through tiny breaks in the skin or by traveling down a hair to the follicle.

Certain health problems make people more susceptible to skin infections such as boils. Examples are problems with the immune system, diabetes, poor nutrition, poor hygiene and exposure to harsh chemicals that irritate the skin.

Symptoms of Boils

A boil starts as a hard, red, painful lump usually less than an inch in size. Over the next few days, the lump becomes softer, larger, and more painful. Soon a pocket of pus forms on the top of the boil. Signs of a severe infection are:

- The skin around the boil becomes red, painful, and swollen;
- More boils may appear around the original one;
- A fever develops; and
- The lymph nodes become swollen.

When to Seek Medical Care

It is advised to seek medical care when:

- You have a boil and start running a fever;
- The skin around the boil turns red or red streaks appear;
- The pain becomes severe;
- The boil does not drain;
- A second boil appears;
- You develop a boil and you have a heart murmur, diabetes,

any problem with your immune system, taking medications that suppress the immune system (for example, corticosteroids or chemotherapy for cancer).

Boils usually do not require immediate emergency attention. If you are in poor health and you develop high fever and chills along with the infection, a trip to a hospital's emergency department is needed.

Exams and Tests

Your doctor can make the

diagnosis of a boil with a physical exam. A culture of the infection maybe needed to determine the exact type of bacteria causing the infection and the most appropriate antibiotic. If you frequently get boils, your doctor may want to do a blood test to see if you have diabetes.

Boils Treatment Self-Care at Home

Home therapies should only be used on small boils. If your boil is bigger than a pea or has a lot of redness around it, seek

medical attention rather than trying to deal with it yourself.

Apply warm compresses, and soak the boil in warm water. This will decrease the pain and help draw the pus to the surface. Once the boil comes to a head, it will burst with repeated soakings. This usually occurs within five to seven days of its appearance. You can make a warm compress by soaking a wash cloth in warm water and squeezing out the excess moisture.

When the boil starts draining, wash it with an antibacterial soap until all the pus is gone. Apply a medicated ointment and a bandage. Continue to wash the infected area two to three times a day and to use warm compresses until the wound heals.

Do not pop the boil with a needle. This usually results in making the infection worse.

Medical Treatment

If the boil is large, your health-care provider may need to open it up and drain the pus. This is done with a scalpel after the area of the boil is numbed with a local anesthetic.

If the infection is deep, your doctor may put some gauze in the incision to keep it open and draining. The gauze is usually removed in two days.

If there are concerns about the seriousness of the infection, blood tests may be needed. The doctor may prescribe antibiotics if the infection is severe.

A large skin abscess caused by a staph infection may need to be surgically opened and drained and treated with intravenous antibiotics.

Next Steps - Follow-up

Whether the boil is drained at home or is lanced by a doctor, you will need to clean the infected area two to three times a day until the wound is healed. Apply an antibiotic ointment after washing and cover with a bandage. If the area turns red or looks as if it is getting infected again, contact your doctor.

Prevention

Help prevent boils by following these guidelines:

- Carefully wash clothes, bed linens, and towels of a family member who is infected with boils;
- Clean and treat minor skin wounds;
- Practice good personal hygiene;
- Stay as healthy as possible.

Cleaning Up La Isla Bonita

ism Board

BELIZE CITY,
Wednesday,
August 31, 2011:

The Belize Tourism Board (BTB) partnered with the North Ambergris Caye and Middle Island Neighborhood Watch and the San Pedro Town Council (SPTC) launched the cleanup campaign of the northern part of the island.

The work which began last Saturday was the culmination of several weeks of dialogue between the three parties.

Over two hundred and fifty 55 gallon bags were filled and three large truck loads of garbage collected from the roadside between the bridge and Capricorn Resort including a large amount of household garbage, construction waste, plastics, metals, and household appliances such as heaters, stoves and air conditioners.

Residents, students and tourism stakeholders commenced the cleanup at 6:00 am and were joined later in the morning by the BTB's Green Team.

The newly established Green Team focuses on improving the operational efficiencies of the BTB offices with special emphasis on reduction of paper, water and energy consumption. It also actively promotes reuse and recycling.

According to Raymond Mossiah, Sustainable Tourism Officer at the BTB and head of the BTB Green Team, "Belize is a natural resource-based tourism product. Pollution is not

Taking A Break For A Photo Opportunity

only visually offensive, but it is bad for the environment, ecosystems and residents. It can lead to the spread of diseases and the contamination of habitats, just to name a few. As a responsible tourism body we welcomed the opportunity to help beautify the destination that accounts for approximately 45% of revenues generated by the accommodation sector."

Diane Campbell of the Middle Island Neighborhood Watch comments, "It is great to see residents take pride in this beautiful island. This area was long overdue for a cleanup of this magnitude and we applaud the effort of everyone involved."

The work continues this Saturday when the team will focus on the area from Capricorn Resort to Journey's End.

In an effort to maintain the area clean, the SPTC will establish weekly garbage pickups in the area.

Mr. Severo Guerrero noted "We invite other members of the community to keep Ambergris Caye clean and dispose of garbage in the appropriate manner. This means residents, developers and visitors as well."

For further information on this initiative, feel free to contact Ms. Diane Campbell at 610-5118.

Rotary Clubs Completed Sacred Heart Primary School Toilet Block And Health Care Project

By: Cynthia Reece

**SAN IGNACIO TOWN, Cayo
Wednesday, August 31, 2011:**

The largest primary school in our area, San Ignacio/ Santa Elena twin towns and surrounding communities, had insufficient and inadequate provision of sanitary facilities for the young students of Sacred Heart Primary School and their teachers.

Because Rotary International's organization creates opportunities for support of local projects, members of the San Ignacio Rotary Club submitted an initial project proposal to other Rotary Clubs during the Uniendo America project fair. The Oakland # 3 Rotary Club, in California, through a previous friendly contact, decided to partner with the San Ignacio Club to make this project a reality. In addition to Rotary, the Sacred Heart Primary School administration and the Ministry of Health regional authorities added their helping hands. The Oakland Rotary Club committed time and effort to securing resources, visiting the site, and collaborating with the San Ignacio Club to ensure success.

The scope of the work included construction of toilet and lavatory facilities which included removing out dated, unused and unsafe storage facilities to starting a new building from scratch. Once the building was up plastering, tiling, painting, plumbing and panel roofing were done before installing doors and windows. The new facilities will serve a population of about 700 and can be used for evacuees since it is now in compliance with the national standards in case of emergency.

To make this charitable work sustainable, the Sacred Heart School principal has committed to implement and supervise additional cleaning and maintenance activities for the new facilities as well as to include financial considerations for extra cleaning time. Continuous health education and hygienic measures will be integrated into the curriculum to reinforce

**Sacred Heart Primary

the knowledge, attitudes and

practices of sustainability and

to make the results achieved permanent with improved environmental health. Another goal of the project is that families and the local community will see the use and proper maintenance of the new facilities, with potential for duplicating the healthy practices at home and elsewhere.

On behalf of the Rotary Club of San Ignacio and the community of Sacred Heart Primary School, we wish to send our heartfelt thanks to the Rotarians of the Oakland #3 Rotary Club. It is the goal of Rotary International to improve health and education, alleviate poverty and create goodwill and peace throughout the world. One more school has benefited from this commitment.

Stolen Car Found Almost A Month Later

BELMOPAN CITY, Monday, August 29, 2011:

A car, reported to have been violently stolen 27 days ago was today recovered in the village of Blackman Eddy, Cayo.

Acting upon information received about an abandoned car in the area, police rushed out to Blackman Eddy village and onto the Society Hall road where, about 2 ½ miles up the road from its junction with the Western Highway and about 250 yards off the road, they came upon a maroon, Toyota, Camry, 4 door Sedan parked, front forward in the bush. The car was found to be missing the radio, battery and keys.

After confirming that the car matched the description of the one reported stolen 27 days earlier, the owner, **Eudel Bennett**, 63, Belizean taxi operator/businessman, of #3 Constitution Drive, Belmopan, was invited to the scene where the car, with Belmopan taxi license plates 00136, was handed over to him after he positively identified it as his

property. It was eventually towed into Belmopan.

The car, on rent by **Eudel Bennett** to **Alan Portillo Lopez**, 20, Salvadoran, taxi driver, of a Las Flores address in Belmopan, was reported stolen on Tuesday, August 2, 2011.

Portillo reported to Belmopan police that at round 10:30 am he was parked in the area of the Belmopan bus terminal when his service was engaged by two Creole male persons for a trip to Banana Bank. Upon arrival, one

of them pulled out a shotgun and ordered him out of the car. He was tied up and placed inside the trunk.

The vehicle began moving

and after traveling for several minutes he managed to open the trunk, this was when he observed that they had driven the car to the road leading to My Refuge Radio Station in Roaring Creek village. He jumped out of the trunk. The driver reportedly stopped the car. One of them emerged from the car with a shotgun and fired a single shot at him. He was struck by two pellets, one in the face and another in the abdomen. After firing the single shot, the gunman boarded the car and it sped off.

The victim was later assisted by a person passing by. He was transported to the Western Regional Hospital in Belmopan, where he was treated and later released. The investigation continues.

Escape Report - Coming To Light One Month Later

SAN IGNACIO TOWN, Cayo, Wednesday, August 31, 2011:

The report is only now surfacing, exactly one month later, of the July 31, 2011, escape of a man initially detained for burglary.

At about 2:30 on the morning of Sunday, July 31, a policeman was in the process of locking up **Gregory Wagner**, 33, Belizean laborer from Georgeville, when the cell key broke inside the

padlock. The detainee took advantage of the delay in locking him away. He bolted through the station, down the steps, onto the street, down to the river and disappeared into the darkness of the early morning hours never to be seen since.

The police is asking anyone knowing of the whereabouts of escapee Gregory Wagner to please contact the nearest police station.

Javier Castellanos, Deputy Commandant of the Belize Defence Force and in the process requested for her to provide 16 plates of food to feed his soldiers on patrol in the area.

The man promised to pay for the food at a later date.

When she told him that she did not have any food left, he requested a \$100 dollars loan *"to purchase food,"* he said, *"for his soldiers on patrol in the area."*

She did not have the money available at the time the request was made and so he returned later in a taxi and she gave him two US\$20.

Later realizing that he was an imposter, she reported the matter to the police requesting court action for the recovery of her money.

With assistance from a witness, the individual was identified as, Santa Elena Town resident, **Robert Valdez**.

Over the past almost eight weeks, police made numerous fruitless visits to his # 84 George

Price Avenue home.

After evading the long arms of the law for almost two months, the accused was finally captured last Thursday, August 25, by personnel from the Belmopan based Police Dragon Unit as he was going about his merry way in the village of St. Margaret on the Hummingbird Highway.

He was first transported to the Belmopan police station and later to San Ignacio where he was formally arrested and charged for the crime of obtaining property by deception.

Four days later, on Monday, August 29, the accused, **Robert Valdez**, 42, Belizean Laborer, was taken before magistrate **Dale Cayetano** where he first pled guilty to the charge but when he attempted to give an explanation for the guilty plea, Magistrate Cayetano informed that he will instead enter a not guilty pleas.
